

2010 Open Forum on Energy and the Environment:

Powering the Future with Solar Energy

- | | |
|---------------|--|
| Jan 14 | The Solar Resource
Carol Paty, Georgia Tech EAS |
| Jan 28 | Modern Photovoltaic Manufacturing
Anthony Coker, Suniva |
| Feb 11 | Organic Photovoltaics
Bernard Kippelen, Georgia Tech ECE |
| Feb 25 | Nano-enabled Photovoltaics
Hugh Hillhouse, Purdue University ChBE |
| Mar 11 | Solar Energy Manufacturing at the Terawatt Scale
Steven Danyluk, Georgia Tech ME |
| Apr 1 | Photovoltaic Systems and Grid Integration
Miroslav Begovic, Georgia Tech UCEP |
| Apr 15 | Concentrating Solar Power / Solar Thermal
Baratunde Cola, Georgia Tech ME |
| Apr 29 | Direct Sunlight to Fuels
Jake Soper, Georgia Tech Chem |

All lectures are scheduled to take place in the
Marcus Nanotechnology Building 1st Floor Conference Room
at 4:30pm on the dates specified.

Refreshments will be served prior to each lecture.
