

## What is SMARTech?

SMARTech, or Scholarly Materials And Research @ Georgia Tech <http://SMARTech.gatech.edu>, is a repository for the dissemination of the intellectual output of the Institute in support of its teaching and research missions. SMARTech connects digital materials currently in existence across campus on disparate web sites, hard drives, and servers to create a cohesive, useful, and sustainable repository available to Georgia Tech and the world.

## Why SMARTech?

- Access barriers disappear
- Enhanced visibility, use, reputation
- Wide and rapid dissemination of intellectual output
- Supports classroom teaching
- Aids multidisciplinary inquiry
- Valuable recruiting tool
- Preservation and management of information assets
- Reduces duplication of effort
- Stimulates serendipitous discovery and collaboration

## What can I submit to or find in SMARTech?

All the relevant intellectual output of Georgia Tech including:

Computer Programs	Conference Papers
Data Sets	Learning/Complex Objects
Models	Pre-Prints/Post-Prints
Proceedings	Research Reports
Simulations	Technical Reports
Web Pages	Working Papers

Campus e-Publications such as:

Annual Reports	Fact Books
Newsletters	Magazines
White papers
