Summer '99 initiates change of campus pace

Denise Noble
Institute Communications and Public Affairs

Following a format similar to the compressed summer term during the Olympics, summer '99 will be an accelerated term that will act as the pivot point in the transition from the quarter to semester system at Georgia Tech. This term puts in motion changes in registration, class schedules, length of term, faculty pay schedules, financial aid and, above all, changes in the overall rhythm at Georgia Tech.

"There is a new rhythm we need to establish," said Annette Satterfield, associate registrar. "We're used to living in 11-week cycles. Now it's a 16-week rhythm that will affect faculty, students and the administration."

The summer '99 term will be comprised of seven weeks plus one week of finals. In the box below are important dates and information relating to class schedules and length of term.

Fast facts on summer '99

Important dates:

April 19 - May 1	Registration for summer term, Phase I
May 10 - 25	Registration for fall semester, Phase I
June 18 - 23	Registration for summer term, Phase II
June 21	Classes begin
July 16	Last day to withdraw from school or individual courses
Aug. 6	Last day of classes
Aug. 9 - 11	Final exams
Aug. 13	Grades due in Registrar's Office
Aug. 13	Commencement
Aug. 18 - 26	Registration for fall semester, Phase II
Aug. 23	Fall semester classes begin

Registration:

Fall and summer registration will be divided into two phases as outlined previously. Summer registration will take place April 19 - May 1 and June 18 - 23. Fall registration will take place May 10 - 25 and Aug. 18 - 26.

Length of class periods:

MWF classes will have 21 class periods of 70 minutes each. M-F classes will have 35 class periods of 70 minutes each. TTH classes will have 14 class periods of 105 minutes each. Laboratory work will be scheduled by the teaching unit as required.

Payroll Schedule

The conversion also prompted a review of Institute payroll processes. Although only serendipity is behind the semester conversion coinciding with the implementation of PeopleSoft, the pairing has proven beneficial. "[PeopleSoft] gave us more tools to make this switch in pay schedules [for academic faculty] more convenient," said Chuck Donbaugh, associate vice president, Human Resources.

Pay schedules for general faculty and staff will not be affected by the conversion. However, beginning with fall semester '99, there will be a new pay schedule in place for academic faculty. The new schedule will provide for five payments in both the fall and spring semesters and four payments during the summer term. Those who teach during both the spring and summer, or summer and fall, will receive a full paycheck at the end of May and the end of August, respectively.

Faculty members employed for the full fiscal year will receive 12 equal payments at the end of each month.

"We believe this new schedule will provide improved cash flow for faculty and graduate assistants by distributing pay at the end of the month in which it is earned," Donbaugh said. "Further, it will allow for more efficient pay cycle administration across campus by consolidating all monthly cycles for faculty, graduate students and staff."

PeopleSoft will also allow for two different pay scales to be reflected in one paycheck. According to Donbaugh, if a faculty member receives a merit increase effective Aug. 15 (start of fall semester '99), for example, the paycheck he or she receives on Aug. 31 will reflect on the pay stub the pay scale prior to Aug. 15 and the pay scale after the merit increase.

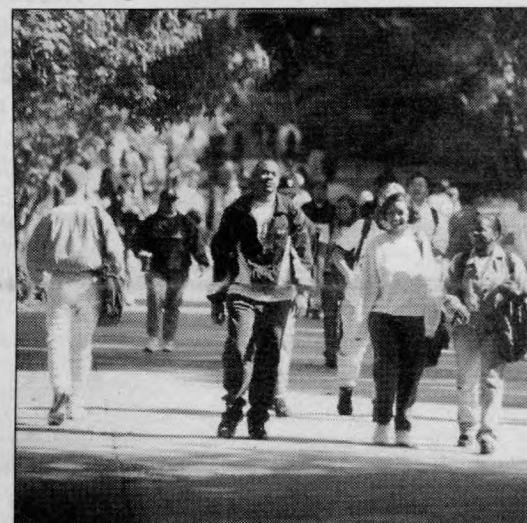

According to Donbaugh, most of the concerns he has heard surround the transition summer, not the semester conversion that follows. Other inquiries have come from faculty who are retiring;

they are concerned about the impact on the calculation of the average of their highest two consecutive years of salary, which affects their retirement package. Donbaugh said these concerns have been addressed on an individual basis.

Financial Aid

The process for awarding financial aid has also undergone revisions. Georgia Tech historically has awarded financial aid on a cycle beginning with the summer, whereas the award cycle at most other schools starts in the fall.

"The conversion gave our office the opportunity to change our award cycle," said Jerry McTier, director, Student Financial Planning and Services. In order to make the transition, McTier's office added a fifth term to this financial aid award year—summer '99. To make this transition work, the students were required to submit a separate application for summer '99 financial aid; this is different for students in that they usually submit one application covering an entire year of financial aid and simply denote the quarters they will be in attendance.

With the semester conversion, faculty, staff and students will feel a campuswide change of pace. For students, it means establishing a new rhythm with class and study schedules.

Freshmen and Transfer Students

A decision recently was made on admitting new students for summer '99. According to Barbara Hall, associate vice president, Enrollment Services, there will be no new freshmen or new transfer students admitted for the summer '99 term. The reasons for the decision include a limited course selection for the new students and significant pressure on freshmen, who would be taking courses for semester credit in a short time period, potentially jeopardizing their academic success. Hall said that new transfer students will be accepted in the summer of 2000. A decision on admitting freshmen will be revisited.

An accelerated summer schedule is not completely foreign to Georgia Tech, as the Olympics required such a compressed term. After this term, however, it's not back to business as usual. In fact, perhaps one of the most daunting challenges is faced by the Registrar's Office; the turnaround time between summer and fall terms is less than one week. During that brief time, they must process all grades, convert all academic records from quarter to semester, run all end-of-term reports and key up fall semester registration. After that hurdle is cleared, "it's about changing your pace," said Satterfield.

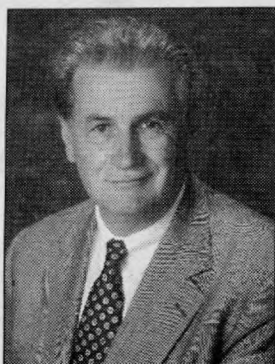

KNIGHT, KELLY LYN

In remembrance

William Read

After a year-long struggle with cancer, William H. Read, professor, School of Public Policy, died at age 57. He served as the pre-law advisor in the School of Public Policy and was also a research affiliate with the Program of Information Resources Policy at Harvard University.

Read was a popular professor at Georgia Tech, having received the Honor Faculty Award in 1997 from the School of Public Policy and having served as organizing chair of a major multimillion dollar initiative to create the Georgia Center for Advanced Telecommunications Technology.

Professor Read came to Georgia Tech in 1991 from Washington, D.C., where he was in private law practice. He remained active in the area of communications law. He served as a member of the Editorial Advisory Board of the *Federal Communications Law Journal* and has been honored with the Federal Communications Bar Association's Distinguished Service Award, the highest award of the nation's communications lawyers. Professor Read received his law degree from Suffolk Law School in Boston.

He is the author, co-author or editor of six books: *The Handbook of Information Policy; Telecommunications Law, Regulation, and Policy; Telecommunications Strategy for Economic Development; The Consequences of the Information Revolution; America's Mass Media Merchants; and The High and Low Politics of Information Resources.*

His public service includes assignments at the White House, U.S. Department of Commerce and U.S. Information Agency.

Read is survived by his wife, Dorothy; two sons, Mark and David; daughter, Lisa; mother, Lauretta of Park Hills, Ky.; brother Rick of Covington, Ky.; brother Basil of Washington, D.C.; and cousin Gen. Ann Harris of Ft. Mitchell, Ky.

In lieu of flowers, the family requests that donations be made to the William H. Read Endowment Fund, Georgia Tech Foundation, Inc., 177 North Avenue, N.W., Atlanta, Georgia 30332-0182 or the William H. Read Memorial Fund, c/o Friends of the Library, Freedom, N.H. 03836.

Donovan Young

Donovan Young, associate professor, School of Industrial and Systems Engineering (ISyE), died on Jan. 31. He was 62.

Young taught in ISyE for 27 years and was also a professional jazz musician. He composed and arranged music and also performed on the saxophone, clarinet, piano, flute and vibraphone. He was active in the Lion's Club, the Soapstone Center for the Arts, MENSA and the African-American Philharmonic Orchestra.

Young helped keep Tech at the forefront of new technology as a leader in the Institute's project to fully computerize a required course, had written texts and tests for the professional registration of engineers, and was a course leader for problem-solving projects, said John Jarvis, ISyE chair.

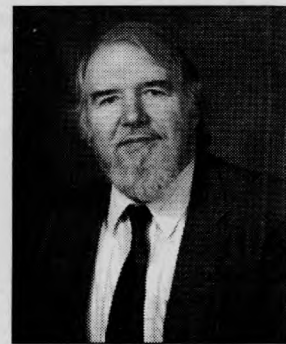

Young spent 1989-90 as a visiting professor at the U.S. Military Academy at West Point helping establish its systems engineering department.

He joined the musician's union at age 16, and his band, Skipper Young and his All Girl Orchestra, played in nightclubs, his wife Becky Blankenship said.

Young knew he couldn't support himself as a musician and earned his doctorate in mechanical engineering from the University of Texas.

He is survived by his wife; his daughters Stephanie Young of Stockbridge and Ginny Powell of Tucker; a stepdaughter, Suzanne Pharr of Avondale Estates; a stepson, Robert L. Pharr of Cumming; a sister, Connie Sharp of Athens, Ala.; a brother, David Young of El Paso, Texas; and three grandchildren.

In lieu of flowers, the family requests contributions be made to the Donovan Young Memorial Fund, Soapstone Center for the Arts, P.O. Box 370219, Decatur, GA 30037.

The
Whistle

Editor-in-Chief: Denise Noble

Published by Institute Communications and Public Affairs.

Publication is weekly throughout the academic year.

The Whistle can be accessed electronically through the Georgia Tech Web page, or directly at www.whistle.gatech.edu.

E-mail Whistle submissions to denise.noble@icpa.gatech.edu, or fax to Denise at 894-7214, at least 10 days prior to desired publication date. For more information, call 894-8324.

All phone numbers listed in The Whistle are in the 404 area code unless otherwise indicated.

Georgia Tech is a unit of the University System of Georgia.

Good Day Atlanta to broadcast from Georgia Tech

On Feb. 18, Fox 5's *Good Day Atlanta* will broadcast live from Georgia Tech from 6 - 9 a.m. The main broadcast location will be the Student Plaza area at the Campanile. They also plan to do stories from the CyberCafe and the Tech Bookstore, as well as broadcast the weather and set up cameras on the roof

of the Student Center. Students are in demand for on-camera opportunities—please help spread the word among students.

Tech celebrates National Engineers Week

On Feb. 23, more than 100 ninth graders from metro Atlanta high schools will watch demonstrations in chemistry, biology and robotics on the Tech campus as part of National Engineers Week (E-Week). Hosted by the Society of Women Engineers, this year's E-Week, Feb. 21-27, includes activities ranging from high school outreach programs to an inter-engineering society volleyball tournament.

During E-Week, engineers and educators participate in activities to help create an interest in engineering, math and science. This year, hands-on sessions will allow students to build towers from newspaper and paper clips as part of a competition. The outreach program will be held Feb. 23 in the Student Center Ballroom, beginning at 9 a.m. with a discussion called "What is an Engineer?"

"Project Outreach is important to ninth graders because they are young enough to develop an interest in engineering," said Wyatt McCormack, a senior in civil engineering and treasurer for the Tech chapter of the American Society of Civil Engineers. "They have time to take additional mathematics and science courses in order to pursue a degree in engineering hopefully here at Georgia Tech," he said.

Two events are likely to be especially interesting to faculty

and staff. The first is "Turning the International Space Station into Reality," a speech by NASA astronaut and Tech alumna Sandra Magnus. The event will be held Feb. 22 at 5 p.m. in room 117 of the Smithgall Student Services Building.

The second event is "Making the International Space Station Your Business," a NASA-produced interactive satellite telecast to discuss research opportunities with the international space station. The teleconference will be held in the Van Leer auditorium on Feb. 25 from 1-3 p.m.

The Society of Manufacturing Engineers, in conjunction with the SciTrek Science and Technology Museum, is sponsoring a bridge building event on Feb. 27 from 11 a.m. - 1 p.m. at SciTrek. The event is open to all ages, and museum admission is free for participants. Bridge builders will be divided into two categories according to the construction material allowed. One group can use only wooden toothpicks and glue; the second group can use any material.

Georgia Tech engineers are helping to staff the SciTrek event. Contact Wiley Holcombe at 894-6144 for more information. For a schedule of Georgia Tech events for National Engineers Week, see <http://cyberbuzz.gatech.edu/eweek/>.

Spotlight

Meet Karen Boyd

Full name: Karen Denise Boyd

Age: 37

Occupation: Senior associate dean of Students

Current projects and/or research: Developing a more comprehensive database system for the Institute's discipline process; addressing alcohol and other substance abuse on the campus.

Years at Tech: 6 months

Education: BS/BA, Industrial Relations and Economics, University of North Carolina at Chapel Hill; MA, Human Development and Psychological Counseling

Marital status: single

Pets: one dog (Lillie) and three cats

One CD in my stereo is: *Les Miserables*, the 10th year celebration concert.

My ideal weekend would include: some gardening, a movie or play and maybe a day trip to the mountains for a short hike.

What brought you to Georgia Tech: I applied to Tech because the position offered me opportunities to develop my personal skills; but I decided to come to Tech because of the students. I enjoyed my interactions with them so much that I wanted to work with them.

If I won the lottery I would: pay off my house, take a two-week vacation to Alaska, invest the remainder and then come back to work. I like what I do.

Most people don't know that I: was the president of my undergraduate Marching and Concert Bands.

My most important achievement is: In 1995, I founded and chaired the first two student judicial affairs conferences for southern college students who serve on university discipline panels. The conference is an opportunity for students from over the southeast to gather and share information, as well as attend in-depth professional presentations exploring current college and university judicial trends, legal concerns and hearing-skill building sessions. The conference averages over 120 participants, is fiscally strong and in its fifth year.

Briefly describe your most memorable vacation: I spent three years in Heidelberg, Germany, when I was a young child. This summer, my parents, brother and I returned to Heidelberg and other areas of Germany that we had visited when we were there in the '60s.

Did you know

New tax credits

Several new tax benefits are available to help families meet the cost of post-secondary education. These tax benefits are referred to as Hope Scholarship Credit and Lifetime Learning credit. The Hope Scholarship Credit is available for qualified expenses paid on or after Jan. 1, 1998, and the Lifetime Learning Credit is available for qualified expenses paid on or after July 1, 1998. More specific information about these credits is available on the Georgia Tech Bursar's Web page, at www.bursar.gatech.edu/hopetax.html.

Georgia Tech Women's Forum scholarship

The Georgia Tech Women's Forum encourages and supports women in their academic endeavors at Georgia Tech. To that end, the Forum endows annual scholarships for female students based on financial need, academic achievement and leadership. The Forum has provided more than \$45,000 dollars in scholarships since its inception in 1981. A major portion of the funds are generated through various fundraising events, with all revenue raised allocated for the scholarship endowment fund.

To be eligible, female students must have:

- demonstrated academic achievements
- completed at least two quarters at Georgia Tech
- at least two quarters/semesters remaining before graduation

The deadline for submitting applications is 3 p.m., March 12.

For an application, contact Margarita Bolet, margarita.bolet@ece.gatech.edu, Pettit Building, Rm. 204, mail code 0269; or Catherine Marks, catherine.marks@micro.gatech.edu, Pettit Building, Rm. 108, mail code 0269.

A non-profit organization comprised of employees from all facets of the Tech community, the Georgia Tech Women's Forum is dedicated to promoting the educational, professional, cultural and social growth of Georgia Tech's female employees.

Training and development opportunities

The Office of Management and Training Services is offering the following courses in March:

- March 2: **Improving Interpersonal Skills**, Savant Building, Rm. 203, 8:30 a.m. - 12:30 p.m., \$75.
- March 4: **Understanding Tech's Compensation Policy**, Coliseum Annex, Rm. 302, 9 - 11 a.m., no charge.
- March 9: **Achieving Quality Customer Service**, Coliseum Annex, Rm. 302, 8:30 a.m. - 12:30 p.m., \$35.
- March 11: **Grammar Goes to Work**, Savant Building, Rm. 203, 8:30 a.m. - 12:30 p.m., \$75.
- March 17: **Coaching Skills**, Coliseum Annex, Rm. 302, 8:30 a.m. - 12:30 p.m., \$45.
- March 17, 24: **Pre-Retirement**, SSC, 3 - 5:30 p.m., no charge.
- March 23, 24: **Enhancing Professional Skills I, II**, Coliseum Annex, 8:30 a.m. - 12:30 p.m., \$75.
- March 25: **Promote Yourself**, Coliseum Annex, Rm. 302, 9 - 11:30 a.m., \$35.
- March 30: **Productivity and Time Management**, Savant Building, Rm. 203, 8:30 a.m. - 12:30 p.m., \$50.

To register, e-mail wansley.dennis@success.gatech.edu to have a registration form forwarded to you. Complete the form and fax it to 894-2666. The form is also available on the Web at www.training.gatech.edu/. Classes are expected to fill up quickly.

Computer Courses:

- March 9: **Project Management 98**, 811 Marietta St., 8:30 a.m. - 5 p.m., \$50.
- March 19: **PowerPoint 97 Beginning**, 811 Marietta St., 8:30 a.m. - 5 p.m., \$50.

To register, download the registration form at www.training.gatech.edu/computer/register.html, and fax it to Executrain at 770-392-9528. For more information, call 894-2249/3850/1099.

Campus EVENTS

Arts/Culture

Feb. 18 - March 6

Miss Saigon, Atlanta Civic Center. Tickets are 50 percent off for Georgia Tech faculty/staff for all performances during weeks 1 and 2 except Friday and Saturday evenings. Offer can be redeemed at the Atlanta Civic Center box office, all Ticketmaster outlets or by calling 817-8700. Must mention J-TYPE ticket to receive discount. Certain restrictions may apply.

Feb. 26

Culture Break, hosted by the African Student Association. 3 - 4 p.m., Student Center Theater. Students, faculty and staff are invited to share in culture and food. Contact: Debbie Harper, debbie.harper@intprog.gatech.edu or 894-7475.

Brown Bags/Lectures

Feb. 19

"The Ongoing Mystery of Glacial-age CO₂," by Wally Broecker, Lamont-Doherty Earth Observatory. 3 - 4 p.m., Student Success Center Clary Theatre. Contact: Susan Ryan, 894-3893 or see <http://seismo.eas.gatech.edu/seminar.html>.

"Deictic Behaviors," by Dana Ballard, University of Rochester. Noon - 1:30 p.m., Student Center Theater. Contact: Sandra Key, 894-7865, or sakey@cc.gatech.edu.

Feb. 26

"Plant 'Biodiversity' and Property Rights in India," by Kavita Philip, School of Literature, Communication and Culture. 3 - 4 p.m., Student Success Center Clary Theatre. Contact: Susan Ryan, 894-3893 or see <http://seismo.eas.gatech.edu/seminar.html>.

Courses/Workshops

Feb. 24

Finding Funding Workshop, sponsored by the Program Development Office of the Office of Contract Administration. Explore electronic resources for finding funding sources for research, travel and other pursuits. 10 - 11 a.m., Centennial Research Building, Rm. 503. To register, contact Jill

Burkhalter at 894-6942 or jill.burkhalter@oca.gatech.edu; or Dana Simpson at 894-6947 or dana.simpson@oca.gatech.edu.

April 26 - May 17

"Art of the 1980s and 1990s," four lectures by art historian, Joyce Medina, Ph.D. Mondays, 6:30 - 8 p.m., room and building TBA. Discount for Georgia Tech faculty, staff, students. Regular fee: \$60. Georgia Tech fee: \$30. Bring a friend for an additional \$20. To register, call 894-2400; cite course number Arch-162 (x23-995).

Faculty Governance

March 2

Meeting of the Academic Senate, 3 p.m., Student Center Theater. To view the agenda for this meeting as well as minutes and agendas of all other major elected faculty bodies, see the Web at www.facultysenate.gatech.edu/.

Miscellaneous

Feb. 23

Town Hall meeting, hosted by Dining Services. Open forum for students, faculty and staff to ask questions and discuss concerns about Dining Services. Panel: Vern Johnson, general manager; Mal Wightman, operations director; Eric Lee Reed, executive chef; Joseph Flippin, Food Court manager; Gretchen Favors, Brittain Dining Hall; Richard D'Antoni, Woodruff Dining Hall. Student Center Theater, 5 - 7 p.m. Contact: Wendi Gertz, 894-3744.

Feb. 26 - 27

Women's Leadership Conference, "Changing Visions into Reality." Speakers: Jan Davis, Tech alumna and NASA astronaut (Feb. 26); the Honorable Cynthia McKinney, 4th Congressional District (Feb. 27). Workshop topics include: Women as global execs in technology; women and volunteerism; strengthening relations between men and women; self-defense; interactive panel on women student leaders; corporate panel on balancing career and family; composing a life. To register or for more information, call 894-6367 or see www.cyberbuzz.gatech.edu/wlc/.

Classifieds

AUTOMOBILES

1985 Plymouth Horizon, low miles, auto, a/c, power steering and brakes, \$350 OBO. Michael Terapane, 377-9582 (h), 894-4078 (w) or gt4510a@prism.gatech.edu.

1989 Mercury Sable GS, white, 4-dr, power steering/cruise control. Many recent repairs. 156K miles. \$1,200 OBO. 894-6766 or roger.glaeser@che.gatech.edu.

1991 Mercury Tracer, 66K miles, 4-dr sedan, 5-spd manual, A/C, power steering, silver, \$2,500. Contact 770-717-1055 or georgeta.maghiari@ipst.edu.

1993 Ford Escort, 4-dr, auto, a/c, pwr steering/windows/locks, am/fm/tape, 125K miles. \$3,000. 385-0266 (day), 770-437-9236 (eve) or jdayan@sununo.me.gatech.edu.

1993 Nissan Quest GXE (red). Power seats, rear air, sun roof, am/fm/tape, keyless entry, security system, tinted windows, 87K miles. \$12,400. Contact 770-997-7051 or cecilia.jones@grad.gatech.edu.

1995 Toyota Previa DX/SC minivan (burgundy). 50K miles, new tires, a/c, am/fm/CD/tape. Remote security, power win/locks, roof rack, \$16,500. Gail Giles, 770-973-6834 or gail.giles@gti.gatech.edu.

1995 Jeep Wrangler, soft top, black w/ gray interior, 30K miles, 4-cyl, 5-spd,

am/fm/tape, alloy wheels. \$11,200. E-mail donald.mcvay@success.gatech.edu.

1996 Mazda Protege LX, blue w/ tan interior, 4-dr, 5-spd, pwr steering/win/locks/sunroof, am/fm/tape, new tires, 62K miles, \$8,800. 770-486-7717 or mj.stephens@stucen.gatech.edu.

COMPUTERS

Asus T2P4 Motherboard with Pentium 200 MMX. Parts will upgrade old 486 computer cheaply. \$175. Contact 894-9967 or bill@police.gatech.edu.

Hewlett Packard PC w/ Pentium 120 Processor, 2 yrs old. 64MB hardrive, CD ROM, 15-in. monitor, Windows 95, modem, fax, speaker phone. Bought for \$950; asking \$400. 770-997-7051 or cecilia.jones@grad.gatech.edu.

Mac Stylewriter 1500 inkjet color printer with new color cartridge. Works great. \$75. Contact paul.hurst@success.gatech.edu.

230MB Cartridges for Syquest ezFlyer 230 Drive. PC formatted. 4 sealed, \$18. 7 used, \$12 each. E-mail rothbard@att.net.

FURNITURE

Sofa \$200; queen-size bed, \$200; dresser, mirror, night-cabinet, \$200; coffee table, 2 lamps, \$15; microwave, \$20. Prices negotiable, must sell. 385-0266 (day), 770-437-9236 (eve) or jdayan@sununo.me.gatech.edu.

New king-size bed with water inserts, pillow top mattress. Moving. Must sell. \$800 OBO. 874-6966.

Wanted: baby crib and/or other baby furniture in good condition. Contact 894-2482 or chountelle.bullock@vpea.gatech.edu.

REAL ESTATE

For sale: 3 BR 2 BA ranch, Marietta. Deck, heat pump, good roof. No basement, no garage. Large wooded lot, some fencing. No investors please. \$89,500. 977-9669.

For rent: Furnished suite in midtown home. BR, sitting room, kitchen, bath, sunroom. No pets/children. Util. incl. Single occupancy. \$800/mo. Contact 894-0205 or howard.deutsch@chemistry.gatech.edu.

For sale: Townhouse, 2 BR, 1 BA, two 1/2 BAs, LR, DR, w/d connections, Northlake area. \$99,500 firm. Avail. 3/99. 894-5169 or suellen.robertson@ee.gatech.edu.

For rent: Home in Druid Hills. Fully furnished, 3 BR, 1.5 BA, study. 2 phone lines, fax, satellite TV. Avail. 3/1-9/1. Professionals only; references required. \$1,395/mo. 377-0255.

House for rent: Norcross, 2 BR/1 BA, w/d, refrig, gas log flplc, vaulted ceilings, storage shed, fncd bkyd, no dogs, avail 4/1, \$825/mo + dep, 770-923-6246 or do7@casbah.gatech.edu.

House for sale: 2 BR, 1 BA, den, formal living/dining room, Mableton area. 1.75 acres. Asking price \$69,999 firm. Call 625-8185.

MISCELLANEOUS

For sale: home theatre subwoofer (Velodyne VA-1215X) \$600 OBO. Contact peter.lawrence@gti.gatech.edu.

Asteroids game. Table-style, mostly works, free to good home. Call Bill, 894-3800 (day), 622-2680 (eve) or bill.riall@edi.gatech.edu.

Three-wheel walker, used only two weeks. Cost \$175, will sell for \$100. Contact 377-6662 or hmarsh@gatech.campus.mci.net.

Corduroy sofa, chair, chocolate brown, \$150. GE color console TV, 25", swivel base, pecan finish, \$150. All in good condition. Call 308-7963 or e-mail music1@prodigy.net.

19" RCA color TV. Great picture, but not cable ready. Was using until Santa brought new, cable ready TV. \$45. Jerie McGinnis, 894-4713 or jerie.mcginis@housing.gatech.edu.

9-ft. satellite dish, approx. 200 ft. co-ax cable, pedestal for dish, receiver w/ decoder, remote control, \$200 for all. 2,000 lb. axle for light trailer, with springs, hubs, \$125 for all. 770-682-1269 or 894-5366.

Newly released beanie babies, \$10 and up; clear cubes to display them, only \$2.50/each. Call Kathy, 894-5696 or 770-975-3794.

Beautiful 1903 piano \$85. Call Kathy, 894-5696 or 770-975-3794.

Sofa, love-seat (blue), \$275; Craftsman lawn-mower w/ bagger, \$70; Edger (electric), \$20; shop fan, \$5; exercise bike, \$5; gas grill, \$55. Call 770-491-9512.

Hamilton Beach 10-spd blender w/ ice breaker and pulse features; like new; white base; only \$15. Microwave; great condition; only \$40. Call 770-984-1786.

Wedding gown. White, halter neckline, beaded bodice, tulle bottom, size 5/6. Perfect for spring wedding, high school debutante ball. Slip incl. Contact chelcea.warren@me.gatech.edu.

Clothes hamper, peach-colored, good condition, perfect for dorm room/small apartment, only \$5. Call 770-984-1786.
