

# Adopting Building Information Modeling and Integrated Practice

Welcome  
and  
thank you for coming.

This symposium is made possible  
through the generous support  
of Reed Construction Data.

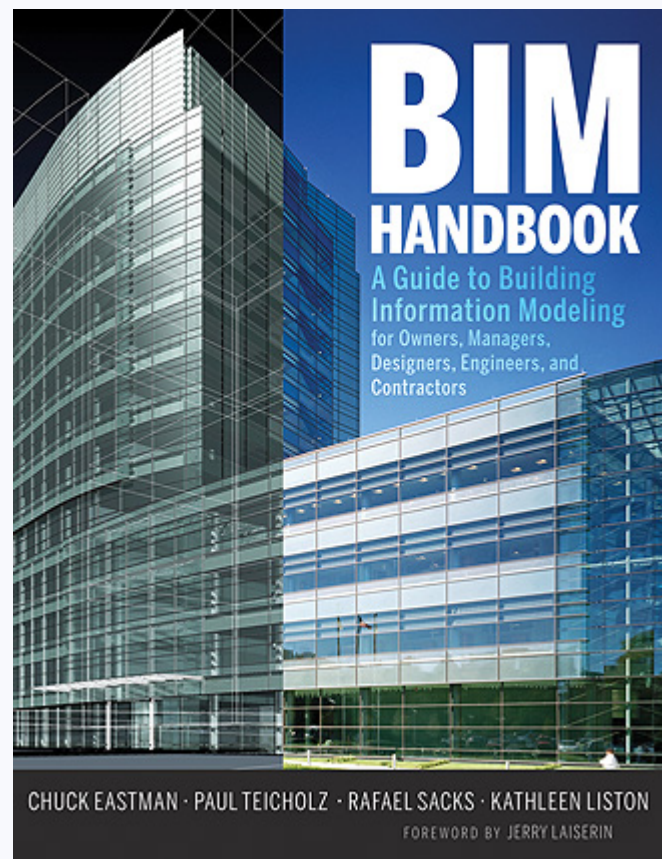

# Welcome and Introductions:

**Doug Allen**, Interim Dean and Professor  
Georgia Tech College of Architecture

**Iain Melville**, Chief Executive Officer  
Reed Construction Data

**Arol Wolford**, Consultant  
Reed Construction Data

**Chuck Eastman**, Professor and Director  
PhD Program, Georgia Tech College of  
Architecture

# Presentations:

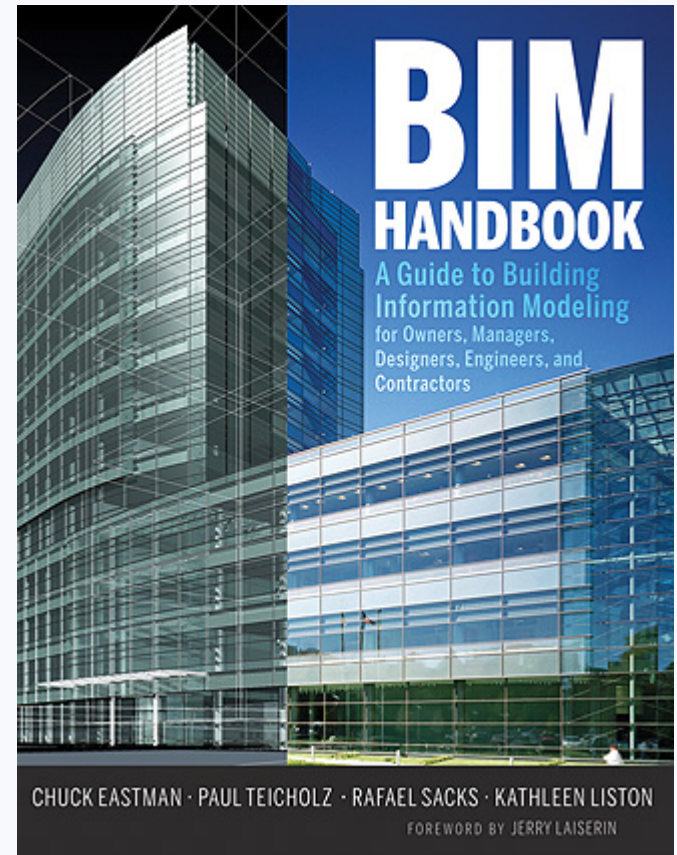

**Jerry Laiserin**, Strategic Technology Consultant  
Editor & Publisher, The LaiserinLetter

**Paul Teicholz**, Professor Emeritus  
Department of Civil and Environmental  
Engineering, Stanford University

**Kathleen Liston**  
Stanford University

**Rafael Sacks**, Associate Professor  
Structural Engineering and Construction  
Management, Technion - Israel Institute of  
Technology

**Chuck Eastman**, Professor and Director  
PhD Program, College of Architecture  
College of Computing, Georgia Tech

# Panel Discussion and Concluding Remarks: The Implications of BIM

## Panelists:

Chuck Eastman

Kathleen Liston

Rafael Sacks

Paul Teicholz

## Concluding Remarks:

Charles Linn, FAIA

Deputy Editor, *Architectural Record*

## Reception and Book Signing
