

Tech Juniors Make Excellent Record In Beaux Arts Institute Contest; Fifth Year Man Chosen As Finalist

Signal Honor Accorded To Mac Cason For Outstanding Work

Mr. Harold Bush-Brown, head of the Department of Architecture, has just received word from the Beaux-Arts Institute of Design in New York that an excellent record was made by the Juniors in the Architectural Department, in connection with their Class "B" problem, "A Boys' Camp."

These men are the students of C. Crombie Taylor, Design Critic. The awards were as follows:

First Mention Placed (the highest award given): S. T. Hurst, W. C. Thomson.

First Mention: Robert Gibeling, M. L. Hughes, J. A. Miller.

Mention: H. H. Crane, William Hirsch, Vernon Shipley, Alton Sparks, Homer Hensler.

The Department of Architecture has also been advised by the Beaux-Arts Institute of Design that Mac A. Cason, a fifth year student in the department, has been chosen as a finalist in the Paris Prize Competition. Mr. Cason is a student of Paul M. Hefferman, Senior Design Critic, a former Paris Prize winner.

This is a signal honor, there being only 10 men selected throughout the United States, after two preliminary competitions, to compete in the finals which are held in New York.

J. H. (Bill) Finch, who graduated in 1936, has also been selected for a second time to compete in the Paris Prize finals.

Competitive Drill Winners Announced

Colonel Felix E. Gross, P. M. S. & T., announces that the following are the winners of the competitive drills to select the best Company, Platoon, and Squad for the Army R.O.T.C. for the year 1939-1940:

BEST COMPANY

First Place—Battery "I", Coast Artillery. Commanded by Cadet Captain William H. Ector, Jr., Coast Artillery.

Second Place—Company "B", Infantry. Commanded by Cadet Captain William P. McGuire, Jr., Infantry.

Third Place—Battery "E", Coast Artillery. Commanded by Cadet Captain William R. Cosper, Jr., Coast Artillery.

BEST PLATOON

First Place—First Platoon, Battery "H", Coast Artillery. Commanded by Cadet Lieut. Ralph W. Pries, Coast Artillery.

Second Place—Second Platoon, Battery "E", Coast Artillery. Commanded by Cadet Lieut. James T. Gribble, Jr., Coast Artillery.

Third Place—First Platoon, Company "B", Infantry. Commanded by Cadet Lieut. William E. Jamison, Infantry.

BEST SQUAD

First Place—Fourth Squad, Second Platoon, Battery "D", Coast Artillery. Commanded by (Continued on page 3)

Awards To Be Made To Competitive Winners At Military Honor Exercises To Be Held Tonight

Army And Navy R.O.T.C. To Perform Ceremonies During Exercises, Presentation Of Prizes

The annual military honor exercises and pageant will be staged on Grant Field tonight starting at 7:30. The Army and Navy R.O.T.C. units will perform many ceremonies during the course of the exercises. Many prizes and trophies will be awarded to winners of military competition and the company, battalion, and regimental sponsors will be presented.

The public is cordially invited to the exercises. Those who attend will find the seats in the west stand the best position from which to witness the activities, as the units will face in that direction.

List of Prizes and Winners

A list of the company awards is as follows:

Battery "I", CAC, commanded by Cadet Captain William H. Ector, Jr., won the Best Company Award.

Company "C", Navy, commanded by Cadet Lieut. James C. Malone, won the naval company competitive drill.

Individual Awards

Cadet Col. Harold Dye, captain of the rifle team, will be presented with the William Randolph Hearst national rifle match R.O.T.C. trophy for first place in the 4th Corps Area.

Cadets H. A. Dye, R. B. Dillard, M. C. Hagerty, J. F. Mason, A. E. Raettig, Jr., W. R. Sanderson, J. T. Scanlan, R. S. Stoops, E. S. Walton, C. M. Edelblut, Jr., J. F. Richards, O. E. Ohberg, C. P. Schlesinger, R. E. Chan, W. L. Hole, will be presented with rifle team medals.

Cadet First Lieutenant Robert S. Haggart, CAC—Highest rating in M. S. & T. of the senior class.

Cadet Lieut. Commander Forrest P. Ryan—Most efficient officer of the Naval R.O.T.C.

Sophomore Richard J. Trammell, Navy—Greatest proficiency in Naval Science and Tactics for the basic course.

Cadet Col. Harold A. Dye, CAC—Army cadet officer for outstanding leadership.

Cadet Master Sergeant William R. Sanderson—Highest rating in M. S. & T. of the Junior Class.

Cadet First Sergeant Robert C. Cheek—Signal Corps Junior with highest rating in M. S. & T. Cadet First Lieutenant Horace W. Bronson, Jr.—Ordnance Corps Senior with highest rating in Ordnance Scholarship.

Cadet Staff Sergeant William T. Sams—Ordnance Corps Junior with highest rating in Ordnance scholarship.

Cadet Corporals James E. Broadwell, Inf.; Ellis B. Davis, CAC; John R. Fulmer, Jr., Sig. Corps; and George H. Childs, Ordnance—Greatest proficiency in M. S. & T. from the Sophomore Class.

Cadet Hugh E. Wright—Naval R.O.T.C. Junior showing greatest proficiency in Practical and Theoretical Navigation.

Second Lieutenant James T. Gribble, Jr.—Second Lieutenant who shows the greatest proficiency in leadership.

Cadet Privates Josiah V. Benator, Inf.; Paul A. Morton, CAC; William G. Quinn, Jr., Sig. Corps—Freshmen showing the greatest proficiency in M. S. & T.

Cadet Albin G. Matson—Naval R.O.T.C. Freshman showing the greatest proficiency in Naval Science.

Cadet Major David E. Cavanaugh—Student officer in the Army R.O.T.C. who made the greatest progress in M. S. & T. during his Senior year.

Army Officers and Sponsors

Following are the cadet officers and their sponsors for the pageant:

Col. Harold A. Dye, Mrs. Harold Dye; Lieutenant Colonel Herbert J. Frank, Mrs. H. J. Frank; Major Henry C. Ghesling, Miss Edith Fugitt; Captain Alvin E. Raettig, Jr., Miss Martha Muse; Captain Millard R. Dusenbury, Miss Emily Platt; Captain Joseph E. Treacy, Miss Mark C. Hagerty, Miss Elsie A. Dunning; Captain Thomas N. Warren, Jr., Miss Virginia Redding, of Macon; Captain Charles W. Carnes, Miss Virginia Peacock, Mount Vernon; Captain William E. Powell, Miss Martha Dunn, Decatur; Captain William P. McGuire, Jr., Miss Ann Edgerton; Captain James H. Walker, Miss Sadie Morris; Major Joseph E. Treacy, Miss Jane Milligan, Columbus; Captain James H. LaRoche, Miss Nancy LaRoche, Cocoa, Florida; Captain Alexander C. Ormond, Miss Nancy Robinson; Capt. William R. Cosper, Jr., Miss Elizabeth Mort, Birmingham; Capt. Charles A. McKinnon, Mrs. Charles McKinnon; Capt. Wilson N. McGough, Miss Wynne E. Cavanaugh, Paris, Texas; Major Daniel B. Williams, Miss Pauline McWilliams, Winston-Salem; Capt. William M. Shotanus, Miss Harriet Wilkie; Capt. Marvin W. Blumberg, Miss Mitzie Hirsch; Capt. John E. Anderson, Jr., Miss Sally Matthews, Nashville, Tenn.; Capt. William H. Ware, Miss Janet McCrary; Capt. William H. Ector, Miss Ann Hilsman, Albany; Major David E. Cavanaugh, Miss Beverly McNew; Capt. Malon O. Wright, Miss Frances Peters, Hollins College, Va.; Capt. Gordon A. Combs, Miss Victoria McLeod; Capt. Robert B. Levin, Miss Eugenia O'Brien; Capt. John Drew, Miss Sara McLeod, Americus; Capt. Gordon B. Caudle, Miss Mary Jane Paine; Capt. James W. Heatwole, Miss Nancy Franklin, Unadilla; Capt. John L. Wilson, Miss Laurie Fagan; Capt. Thomas R. Christian, Miss Myrtice Campbell; Capt. Herring Winslow, Miss Beth Winslow, Macon; Capt. Asa B. Lee, Jr., Miss Dorothy Hammond, Great Falls, S. C.; Capt. Edward D. Biggerstaff, Jr., Mrs. E. D. Biggerstaff, Jr., Macon; Capt. Walter H. Ziegler, Miss Eugenia Zachary.

Navy Officers

Navy cadet officers and their sponsors are as follows:

Lieutenant Commander Forrest P. Ryan, Miss Wynne E. Cavanaugh; Lieut. James V. Hogg, Miss Shirley Hogg, Amsterdam, N. Y.; Lieut. Jarrel R. Dunson, Miss Dorothy Grooms; Lieut. William F. Bennett, Miss Louise Jones; Lieut. Quintin R. Thomson, Miss Lilla Mae Dulles; Lieut. John R. Ivey, Miss Jean Snowden; Lieut. Edmund B. Kneisel, Miss Carmen McBeth; Lieut. James C. Malone, Miss Jane White.

BAND LEADER

Johnny Long, who will appear at Georgia Tech for one of the final dances Friday night, May 31. (Story on page 3)

24 Graduate Students Complete Required Work

Masters Degrees Given In Six Departments

Professor J. L. Daniel has announced this list of 24 graduate students as having satisfactorily completed the required work for their Master's degrees in their respective departments. Following are the list of men, the degree to be received by each, and the title of each graduate's thesis:

Ahern, L. R.—M.S. in Ch.E., Chemical Processing of Flax Fibers. Barnard, Alfred—M.S. in Chem., The X-Ray Study of Rayon. Brennan, Wm. J.—M.S. in Chem., The Use of Organic Reagents in Qualitative Analysis.

Bricker, E. I.—M.S. in A.E., Characteristics of a High Speed Axial Blower. Brooks, L. C.—M.S. in Chem., Coating Metals with Other Metals at Low Temperatures. Burks, Wm. S., Jr.—M.S. in C.E., A Design for Pre-Fabricated Steel Houses.

Carran, Jno. A.—M.S. in A.E., Trim Conditions of a Helicopter. Clark, J. C.—M.S. in A.E., High Speed Axial Blower Blade Development. Daniel, R. J.—M.S. in M.E., Analogy Between the Motion of an Electron and a Gyroscope. Daniels, T. J.—M.S. in Ch.E., The Determination of Cause and Prevention of Sticking of Sheet Steel in Bright Annealing.

Dutton, D. W.—M.S. in A.E., A Variable-Pitch Propeller. Elmore, G. V.—M.S. in Chem., Hydrolysis of Methyl Acetate in Non-aqueous Solution. Fagan, R. H.—M.S. in A.E., Vertical Ascent Analysis of the Lifting Airscrew. Foreney, A. K.—M.S. in A.E., Low-Density Structures for Aircraft.

Gaylor, C. W.—M.S. in Chem., Preparation and Identification of Esters of Trichloroacetic Acid (Mono-Chloro Substituted Esters). Herring, H. H., Jr.—M.S. in Chem., Preparation of Ethylene Urea by New and Cheaper Methods. Honnell, M. A.—M.S. in E.E., The Development of a Self-Calibrating Vacuum-Tube Voltmeter of High Accuracy.

Jacobson, H. R.—M.S. in C.E., History of Roads from Ancient to Modern Times. Merryman, R. E.—M.S. in Ch.E., Determination of (Continued on page 3)

Ceramics Department To Stage Carnival; Attractive Displays Will Be Shown

Souvenirs To Be Given To Guests On Gala Occasion At Open House

The carnival spirit has hit the Tech campus with a bang. Within the red brick ceramics building on Third Street the students and faculty are in a tremendous hustle and bustle. This industry is directed toward the Ceramic Carnival, which is to be held May 4 and 5. The carnival, sponsored by the American Ceramic Society and the Ceramic Engineering Department, is an annual attraction to numerous visitors and is the only affair of its type on the campus. It is a rare combination of scientific exhibits and a spirit of gaiety.

On Saturday, May 4, the carnival is open only to guests with special invitation, but Sunday, May 5, the building will have the "Welcome" mat at the front door for all who wish to enter.

Among the exhibits will be displays of enameling on metal, all forms of making pottery, a kiln firing, and numerous interesting commercial exhibits. Since the theme of the occasion will be "Ceramic Products Manufactured in Georgia," at least a dozen Georgia manufacturers will have interesting exhibits on display. Products shown will include brick, tile, enamel, cement, and pottery.

To add to the gaiety of the occasion each guest will win a souvenir at one of the numerous games. The special features include movies, a Horror Chamber, a scientific peep-show, and refreshments.

The ladies of honor for Saturday night will be Mrs. Count Gibson, Mrs. W. H. Vaughan, Mrs. Lane Mitchell, Mrs. C. F. Wysong, and Mrs. Julian Harris.

All in all, a big time is expected down at the Ceramics Building. If you are not one of the lucky persons who receives an invitation, you are cordially invited Sunday, May 5, between 3 and 6 P. M.

Phi Eta Sigma Elects New Officers

Tharpe Is Named President By Group

At an election held on Monday, April 29, members of the Phi Eta Sigma fraternity elected the new officers for the coming year. These new officers are: President, J. B. Tharpe, Tallahassee, Fla.; Vice-President, J. G. Hammond, Winter Park, Fla.; Secretary, D. F. Eichorn, Baltimore, Md.; Treasurer, G. W. Burg, Passaic, N. J.; Historian, W. G. Quinn, Atlanta.

Many members of the fraternity have expressed appreciation to outgoing officers for a good year. They have shown enthusiasm and ability in all activities during the year. Under the leadership of these men the fraternity has carried forward the tutoring plan, the hospital visiting plan, magazine subscription for the hospital, and distribution to the entire Freshman class of pamphlets on "How to Study."

Hospital Gives Out Of Crutches, Canes As Number Of Broken Limbs Mounts

"Say, Doc, ya don't think it's busted, do ya?" "Ya say I gotta soak it in this ice water for half an hour?"

"Migosh, it's killing me!" . . . It's talk like this that Dr. Crawford has been listening to almost constantly all week in his "fracture fixer" suite in the basement of the Tech infirmary.

This epidemic of injured appendages that has kept the Doc on the verge of a nervous breakdown doesn't seem to come from any one apparent cause. Dan Brown sprained his ankle performing acrobatics in the gym; Roy Goree, pole vaulting, likewise suffered a bad ankle injury; Frank Curtis and several others were in that

car the telephone pole started chasing and now they are all wearing crutches.

Dr. Crawford says he doesn't mind a few ingrown toenails and festering bunions around Memorial Day parade time, but it's carrying this "Spirit of '76" business too far when the hospital gives out of crutches and canes.

Use Your Privilege—Vote!

This week is National Youth Week. The primary purpose of the observance is the emphasis of the necessity of the young people of the nation taking an active interest in national affairs.

In order to take such an interest, all students who reach their majority before the November election should register so that they may vote. The registration requirements are trivial, and the poll tax fee is a small price to pay for the right to govern yourself.

You are citizens of a country in which your human rights are guaranteed by the greatest legal document in the world—the United States Constitution. You are free to follow whatever religious belief you choose, you have a right to a public trial by an impartial jury when you are involved in a serious crime, you may speak freely and assemble an orderly group to discuss your beliefs, you may bear arms of your own, and you may petition your government for redress of grievance. Your government, unlike the centralized powers abroad which threaten democracy, protects you from deprivation of life, liberty, and property.

Preserve these privileges. Take advantage of your democratic rights by registering and voting!

Finding Out About Those Girls

(By Associated Collegiate Press)

There are over 3,000 co-eds at Wisconsin.

In a typical year the average girl would have quite a round of activities to cover. She would have 210 quarts of "coke" to imbibe and 20 pounds of candy to ruin her complexion with, not to mention 20 feet of gum to chew.

Seven and a half days would be squandered in the movies and 55 days devoted to studies to compensate for the 99 classes cut.

Preparing for her 80 days of dates, she would sleep 115 days for beauty, spend three days putting her hair up and 16 combing it, bathe 90 hours, and zip 1,000 zippers.

She would also turn down 125 dates, receive five declarations of tender sentiments, and be the object of 500 kisses (these statistics included several "steadies"), which transaction would speed the yearly consumption of six inches of lipstick.

Besides these pursuits, she would spend 13 days clinging to a telephone. In the chase for the opposite sex she would annihilate 50 pairs of stockings, absorb two pounds of cold cream, and buy a quart of "My Sin" or "Moonlight Madness" perfume.

Fraternity Scholarship

The registrar's office has just published the report on the standing of the respective fraternities on the Tech campus for the first semester of the 1939-40 school year. Many of the fraternities changed their past ranking radically, but some stayed in the same place or very nearly the same place they had previously occupied.

Two of the fraternities ranged on the medium line between the All Fraternity average and the All Student average.

Fraternity	No. of Men	Active Average	No. of Rank	Pledge Average	Pledge Rank
1. Beta Kappa	17	2.705	19	11	2.228 2
2. Phi Kappa Sigma	6	2.697	19	6	2.330 6

This
'N
That

By HUGH FLEMING

Just the other day we were in a hotel lobby and happened to overhear two salesmen introducing themselves to two attractive girls: "We're the Chesterfield boys. We're mild but we satisfy."

Well, those two sweet young things just stood there and smirked, and then one up and says: "Is that right? Well, we're the Piggly Wiggly girls. We have everything but we just don't deliver."

It being spring and such, we decided the other day that it was about time to start looking for a new spring suit—seeing as how the seat came out of the pants to year-before-last's. Seeing an ad in the paper which said that Joe's place down on Decatur Street had in a new stock of \$7.50 non-shrinkables, we lit out for there. We were met at the door by a top-heavy little gent, and we explained to him that we were looking for something in green.

"Come in, sir," he says, and then turned around and bellowed, "Hey, Abe, turn on da green light!"

That little suit episode makes us think of the time old man Goldstiene was on his death bed. Says he with almost his last breath:

"Rebecca, are you there?"

"Yes, papa, I'm here."

"Where's Jackie?"

"I'm here, father."

"Where's Sam?"

"I'm here too, father—we're all here."

Goldstiene, trying to struggle up: "Den I esk you, who iss takink care of da store?"

Well, since Abe couldn't find da green light, we went on to another place. While we were waiting to be waited on, an old colored woman came into the store and said to the clerk:

"Mister, can I exchange these here stockings?"

"Why certainly. What's the matter, don't they come up to your expectations?"

"Lawdy no, dey hardly comes up to mah knees."

Speaking of stockings reminds us of a little verse we heard the other day:

I asked her if she rolled them,
She said she never tried;
Just then a mouse ran by
And now I know she lied.

We were talking with one of the foreign students, and we came around to discussing the fauna of various countries. Says he, "In my country we have some very large birds. Why, once, while I was standing in a zoological garden, I saw a man come in on an eagle."

"Hell, that's nothing," say we. "Once at a ball park we saw a man go out on a fly."

The other day we went down to the U. of G. to a dance. While making the rounds, we were introduced to a young lady. After the orchestra had played three pieces and had started on the fourth, we decided to make a little conversation, seeing as how her date wasn't coming back and my dogs were hurting like heck. "Why did you come to the U. of G.?" we asked.

Said the little (six feet-four) co-ed: "I came to be went with, but I ain't yet!"

Well, since that last one has started our corns to hurting all over again, we'll see you next week.

S'long, Slugs.

Ramblin' Wreckonings

By Maxwell L. Shatzen, Jr.

Last Saturday night, Tech's top flight military men celebrated with their annual Scabbard and Blade ball, atop the Shrine Mosque. It was a gala occasion and there was a superabundance of wine, women, and sarongs. Such a collection of Colonels, Commanders, Majors, and Captains you never saw. Actually, the glitter of gold braid was blinding. There were gobs and gobs of sailors and soldiers on hand, also.

The orders for the evening included "close order drill." Well sir, you never saw any order carried out with more efficiency—especially in those dimly lighted corners. Snooping scoops was a wee bit difficult on this particular occasion, for your correspondent was attired in that sombre ensemble which all Tech bandsmen love so dearly. However, here are some of the more printable sidelights on the festivities: "Geezil" (Flies in mine Zoop) Gheesling and his date executing a graceful power-dive on the slippery dance floor; that uncanny juggler, Joe Treadway, balancing five "cokes" which he claimed were for chaperones and his dazzling date; the ever-attentive "General" Wood fluttering about his charming Rose as if he were a honey bee instead of a yellow jacket; a Tech cadet showing off to his pretty miss by dismantling a machine gun, at which his final score was one pinched finger and a soiled glove; and last but not least, "Texas" Wilkins, glittering like Fred Astaire in white tie and tails.

The faint tinkle of wedding bells could be heard long before last Sunday's papers formally announced the engagement of Rob Ison to Susan Garrett. There is no telling precisely when the romantic Robert said to Susan, "Could you see your way clear to marry me?" but, for almost a year now, Tech's football hero has been singing, "If you knew Susie like I know Susie—" They are a grand couple, and all Techsters join with this column in extending hearty congratulations and best wishes. May all their tax exemptions be potential football players, so that by 1960, Tech will take pride in another Rob Ison, or two.

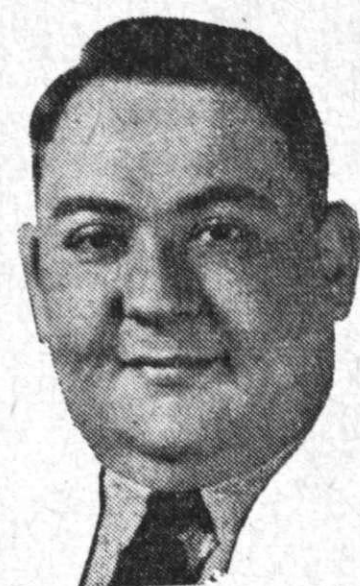

To be deafened by the cheers and applause for one's efforts, during the football season, to be voted the most valuable player on the Tech football team, to be chosen to receive the Joe Rhodes award, and still to remain modest is a quality that few college men possess. Nevertheless, such a student exists at Georgia Tech, and Tech men are mighty proud of Howard (It's too much cup for me) Ector. Such popularity MUST be deserved!

And . . . while on the subject of awards, this column desires to extend sincere congratulations to the Army and Navy lads who received their awards of merit at the Military Day exercises. With genuine respect, your old scribe snaps to attention and presents arms.

In accordance with the requests of numerous seniors, your columnist has written to Mrs. Emily Price Post to learn from her the proper procedure for a graduate who wants to invite his friends to the commencement exercises without making them feel that he is also inviting them to send him a present. If Mrs. Post is punctual with her reply, the information will be found in this column one week from today.

One person in 40 in the United States is a college or university graduate.

Generals Grant, Sherman and Sheridan were all considered mediocre when students at West Point.

ACP Briefs

Engineer Employment

AUSTIN, TEXAS — (ACP) — A marked pick-up in employment of technically-trained men is seen by W. R. Woolrich, University of Texas engineering dean.

Opening of new jobs, an industrial trend to expand research activity, and a growing "personnel consciousness" on the part of employers are three factors responsible for the increasing demand for experts, Dean Woolrich believes.

He bases his assertion on an increasing stream of requests by firms, both in and out of Texas, for trained college men.

"Both the University faculty and business men of this state are becoming more 'personnel minded,'" he observed.

Encouraging News

NEW YORK CITY — (ACP) — Employment prospects in the fields of engineering and business administration are brighter for this year's college graduates than for any class in recent years.

That is the report of Lawrence W. Zimmer, director of the New York University bureau of employment.

A 100 per cent job placement of the 1940 graduates in the university's college of engineering by early fall was predicted by Mr. Zimmer after interviews with seniors by personnel officers of basic industries. Last year 233 men were graduated with engineering degrees.

Business trained groups and graduates of liberal arts colleges also are being sought on an increased scale, Mr. Zimmer said.

Do You Have One?

The Emory Wheel, newspaper of Emory University, declaring that "since the professors divide students into classes it is safe to assume that all professors can also be divided into classes," offers these groupings:

1. The Killer type. He wants to kill off the lower third and thinks the best way is by overwork.

2. The Card type. He is a card, but not an ace. He's a 3x5 card. Outstanding is his index appeal.

3. The Spicy type. He has a lot of cheek and plenty of tongue to put in it. His lectures kick up intellectual sparks out of the academic flint.

4. The Skimmer type. The surfacing in his courses is fine. But the foundation is weak.

5. The Fatherly type. He is the unexpectant father, always giving pop quizzes.

6. The Hard Rock type. You have to be more than a good musician to hit a high C under this joker. If he were a movie critic he wouldn't even give the United States flag 48 stars.

7. The Uh-Man type. He doesn't know any punctuation except "uhs." For variety he throws in a "but uh" now and then.

8. The Cocktail type. He whets your intellectual appetite. He knows a great deal but doesn't try to make everybody realize it.

9. The Candy-Between-Meals type. A course under him destroys your intellectual appetite.

10. The Axe-Grinder type. He can't sharpen his wits, so he has to grind an axe. Sometimes it's propaganda he grinds out.

Optional—The Nomad type. Like the Nomad of the desert he loves to wander, and what he wanders over is as dry as the desert.

Annual Military Ball To Follow Traditional Honor Day Exercises Dance Tonight Will Feature Army And Navy Grand Marches

By J. KING

The highlight of the week-end's activities will be the military ball, sponsored by the Army and Naval R. O. T. C. units, which will follow the Honor Day exercises on Friday evening. Since it is the only dance of the sort during the year, a large number of uniformed students are expected to attend.

The preferable dress for the dance will be either the army or the navy uniform. However, for those who are not in any unit of the R.O.T.C., formal dress will be required. The dance will be held in the gymnasium-auditorium from ten until two o'clock. The music will be furnished by a fine North Carolina band, Jimmy Livingston and his orchestra from Hendersonville, N. C. During the course of the dance there will be an Army lead-out, led by Cadet Col. Harold A. Dye with Mrs. Harold Dye, and a Navy lead-out, led by Lieut. Commander Pat Ryan with Miss Wynelle Trotter.

A.I.Ch.E. HONORS SOPH CHEMICALS

Last Wednesday night at 7:30 the American Institute of Chemical Engineers entertained the Sophomore Chemical Engineers, members of the Institute, and faculty members of the Ch.E. Department with a smoker given in the M. L. Brittain dining hall. Newly elected officers of the Institute for next year were presented and are: President, Wiley Ballard; Vice-president, A. B. Dyes; Secretary, Dick Cohen; Treasurer, Jack Hagan; Program Chairman, Bruce Bailey.

"Professor" Jackson Teagarden's swing concert really brought out some swell dirt material. Our little pal Ed Scott, who was known as the "dateless wonder" until he met a convertible and Peggy Bussey, was busy hawking Warren Taylor's date.

That red-headed Tillman gal from Nashville was feeling "in the mood" with Len Shipman, but it was "no-go" with Goon Wilson.

FLASH, FLASH—FELLOWS

The Technique's glamour-boy survey is still in progress and final results are to be announced next week. Tech's No. 1 glamour boy will be named and we'll give you a list of features that the local butter-milks consider necessary.

Taylor Sams was pretty proud of his date, Rosalyn Willis, until Boy Friend Bowie Adams turned the tide. Taylor danced with her not more than three times the whole dance, and she didn't show up to go home until after the orchestra had left.

We have been told by the Ed. not to say anything about a certain fat bald-headed guy commonly called "Keys" who had a very interesting evening last Saturday at the Scabbard & Blade Dance.

Johnny Long Is Duke Graduate, Where His Band Started In '31

The Senior Ball, Friday night, May 31, from ten until two, will be played by one of the nation's outstanding dance stylists—Johnny Long and his "Songs by Long" orchestra composed of 13 Duke University graduates (all bachelors), ten of whom were graduated with Long in 1935 and the rest since then.

Helen Young, Johnny's petite and beauteous contralto feature vocalist, was born in Boston and has been with Johnny Long since she stopped making "shorts" in Hollywood and singing on various radio network programs.

Johnny organized his band at Duke University in 1931 and, after graduation, went north, where he has steadily grown in popularity. Notable among his long engagements were ones at the Copley-Plaza in Boston, Castle Farms in Cincinnati, the Hotel Statler in Buffalo, and Bill Green's Casino in Pittsburgh.

Long, who hails from Charlotte, N. C., holds the distinction of being one of the very few left-handed violinists in the world. His music is definitely on the sweet side, although he also plays the faster type of music. His is a distinctly "danceable" orchestra.

Dance Schedule

The dance schedule is as follows: Thursday afternoon from 5 to 7, Freshman Tea dance, \$1.25; Thursday night, 10:00-2:00, Pan-Hellenic, \$3.50; Friday night, 10:00-2:00, Senior Ball, \$2.50; Saturday afternoon, 5:00-7:00, Sophomore Tea dance, \$1.25; Saturday night, 9:00-12:00, Junior Prom, \$2.50.

The Fraternity ticket bought by all frat men entitles them to the Thursday night and Saturday afternoon

dances. This ticket plus \$3.00 will get frat men a block of tickets to all the dances. All Seniors are entitled to block tickets for \$6.50.

The University of Illinois has 54,666 living graduates.

CURB SERVICE

...because
it's helpful to millions

The familiar Telephone Directory is America's No. 1 Reference Book—consulted millions of times a day by men, women and children in every walk of life.

Besides being "America's Calling List," it is also one of the most helpful buying guides. In the classified "Where to Buy It" section (yellow pages) you will find the names, addresses, and telephone numbers of dealers who sell what you want—many of them listed under the trade marks of scores of nationally advertised brands.

This idea is one of many pioneered by the Bell System to increase the value of your telephone service.

Why not telephone home often? Rates to most points are lowest any night after 7 P. M. and all day Sunday.

Ector Presented Memorial Trophy

Selected Most Valuable Player Of Last Year's Team By Alumni Group

Last Friday night at the annual Rhodes Memorial Banquet, Howard Ector, last year's quarterback, was presented with the Joe Rhodes Memorial Trophy. Ector won by a close margin over Buck Murphy in the spirited voting for this award. This trophy is presented every year to the most valuable man leaving the past year's team; this man is selected by seventeen Tech alumni who see every game the Yellow Jackets play, and who vote on the man who fits best into the team unit. Everett Strupper, one of the best halfbacks ever to carry the Tech colors, received and tabulated the votes of these football enthusiasts.

Grand Finale

The traditional dinner attended by 150 guests, including the varsity football squad, the Bee team, and the freshmen, will be something for the outgoing seniors to look back upon as the finale of a victorious season.

After receiving the trophy, Ector, with a lump in his throat, said, "Buck should have had it. It's too much trophy for me. But I'll try to deserve it."

Tech Baseballers Sweep Two-Game Series With Vandy

Georgia Favored In Series This Week-End At Athens

Tech's varsity baseball team swept a two-game series with Vanderbilt last Friday and Saturday, 6-0 and 7-5. The team has now won four games and lost four in conference competition.

In Friday's encounter Coach Mundorff sent his ace righthander, Red Oliver, to the mound, and Oliver walked off with the pitching as well as the batting honors. Vandy was able to get only five safeties off the Tech hurler's slants. Oliver, who was in rare form for the engagement, walked one man and struck out twelve.

Batters' Field Day

The Jackets also had a field day in batting. Bosch and Lewis were the only hitless Jackets during the afternoon. Bud Gilmer, Tech's husky rightfielder, had a perfect day at bat with two for two. Oliver, however, did the most damage with the willow. The Jacket ace drove in two runs with a long fly, and accounted for a single and double as well. McNeeney, Stevens, Voorhies, Shaw, and Burpo were the other Jackets with hits to

(Continued on page 5)

Injuries And Sickness Take More Victims At Spring Practice; Bobby Dodd Out For Balance Of Season

Blue Jerseys Issued To Most Promising Men; Week's Work-Outs Featured By Hard Playing

Hard "Knock-Knock" scrimmages on the turf of Rose Bowl Field took their toll last Friday, when two promising Freshmen candidates turned up with twisted knees. The victims were Bobby Dodd, hard running halfback, and Bill Carden, 200-pound tackle from Chattanooga. Carden will be out for only a week, but Dodd will be forced to miss the remaining practices of spring training. Halfback Joe Bartlett, converted end, will miss several sessions because of a slight case of influenza.

Coach Alex has issued blue jerseys to the most promising candidates. Billy Paschall is the only man not eligible for varsity service next year to be a wearer of one of these varsity jerseys. It is surprising to find out that Hal Lamb, hard-blocking back, is still sweating-out in a red jersey; however, he will probably earn a varsity shirt before school is out.

This week's work-outs were featured by vicious tackling, hard blocking, and rugged play in general. The boys must be toughening up because no session was cut short, as was the case last week when practice was halted an hour early to prevent injuries to any more of the men.

You Really Deserved It, Howard!

Courtesy the Constitution.

Howard Ector is shown as he received the Joe Rhodes Memorial Trophy at the Annual Rhodes Dinner. The trophy is given every year to the most valuable man on the Jacket team. Presenting the trophy is Mrs. J. D. Robinson, Jr.

Track Team Hands Georgia 75-51 Loss In Athens Meet

Second And Third Place Points Give Favored Jackets Necessary Edge

A favored Jacket track team settled an old score with Georgia in last Saturday's dual track meet at Athens by walking off the cinders with an expected 75-51 win. It was no field day for the powerful Tech mercury-men, who, only through the weight of second and third places, managed to keep the local sport writers from blushing ruby red over their predictions of Tech's success.

Conference champions and record smashers dominated the meet, and the fans were kept on their feet by the spirited competition.

Georgia's Vassa Cate almost made the meet immortal when he captured four firsts and then made a gallant attempt at a fifth, but this time physical exhaustion was his running mate. Cate made off with all honors of the day including a grand total

Jackets vs. Jackets Football Game Scheduled For May 14 To Terminate Spring Training For 1940 Candidates

of 20 points.

Beals, Manley, and Estes, Tech's great triumvirate, were unable to produce much results because of injury and illness. Manley won the two-mile championship last year, and barely won the two-mile last Saturday. The 220 went to Tech as Pair nosed out Mumma and the injured Beals. Bobby Pair won the 220 in 22.1 seconds, an outstanding time of the event.

New S. E. C. Mark

Salisbury of Georgia was the hero of the spectators when he broke the S.E.C. mark in the javelin throw by a mighty heave which gracefully sailed the javelin 8 feet past the S.E.C. record distance. Salisbury has been throwing well over 200 feet in practice.

Artie Small's mile run saw Frederiksen, Georgia's captain, gradually fade behind Tech's versatile track star, until nothing short of a hurricane could have carried Frederiksen past fleet-footed Small. Frederiksen (Continued on page 5)

Gate Receipts Will Go To Yellow Jacket Club For Sponsoring Activities

On Tuesday, May 14, the Golden Tornado football squad will again take the field in a game that will climax the spring football training for this year and will enable the coaches to have a final check-up on this fall's gridiron prospects. It will also enable the student body and other Tech enthusiasts to get an idea of who and what to watch during the 1940 football season. The game will begin at approximately four-thirty. This will allow most of the students, who have laboratories scheduled on Tuesday afternoons, to attend.

The gate receipts will be given to the Yellow Jacket Club for the execution of their activities. The money will be used to sponsor bigger and better pep meetings and to buy prizes for winners of such at the various pep meetings. During the years past the (Continued on page 5)

Georgia School of Technology

"A Technical School With a National Reputation"

THE GEORGIA SCHOOL OF TECHNOLOGY offers to young men of ability and ambition a training which will fit them for positions of responsibility and power. The national reputation of this institution is based not on claims, but on results. Its greatest asset is the record which its alumni are making in the productive work of the world. Georgia Tech graduates succeed because they have been trained both to think scientifically and to work efficiently.

Courses in Civil, Electrical, Mechanical, Textile, General, Ceramic, Chemical, Aeronautical, Architectural and Public Health Engineering, Architecture, Chemistry, and Industrial Management

Jacket Nine Defeats Vandy

(Continued from page 4)

their credit. In Saturday's encounter, Coach Mundorff depended on his other ace righthander, Hawk Cavette. Cavette was in hot water in the first, third, and ninth innings. However, the big righthander made up for it by striking out eight men and blanking the Commodores from the fourth through the eighth innings.

In the ninth, the Commodores pounded Cavette for three hits and two runs. However, this rally died when pinch hitter Higgins grounded out, Cavette to Burpo.

Jackets Score on Errors

The Jackets took advantage of six walks and two errors to roll up the score. In the first inning, Tech scored a run without a hit by taking advantage of three walks. In the fifth inning, Charlie Roberts dropped a fly with two on and two out to give Tech two more runs.

Buck Stevens was Tech's big hitter of the day with two hits out of four trips to the plate. Stevens batted in two runs with his single and double. Bosch, McNeeney, Lewis, and Shaw were the other Jackets who met the ball squarely at least once.

Pinky Lipscomb, of basketball fame, was Vandy's leading hitter of the day with three for three, and batted in two tallies. Bill Trotter accounted for two hits.

Georgia Favored

This Friday and Saturday Tech journeys to Athens to open up their annual series with Georgia. Georgia, at present, has one of the hottest teams in the conference, and will be

Spring Training Practice Game

(Continued from page 4)

Yellow Jacket Club has been handicapped by a lack of funds to operate as it successfully should. Realizing this fact, the Athletic Association proposed to play the spring game for the benefit of the club. The members of the club have taken the business end of the game upon themselves, and will act as ticket sellers, officials, etc. The money received as a result of this game will be for the good of the entire student body, as the programs that the Yellow Jacket Club sponsors are for the entertainment of every member of the student body. It is because of this fact that the Yellow Jacket Club is asking everyone to co-operate with them in advertising this game as much as possible and making the game a great success.

Centers Pick Teams

Coach Alexander announced that he would probably let the two centers, Jim Wright and Jim Sutton, choose teams. In this way the teams will be more evenly divided and the battle will probably be a close one. Unless someone is injured between now and May 14, the entire squad will probably perform at one time or another during the game. It will be played

This game should interest everyone who is interested in the Tech football team, and will afford a chance to make a comparison between the 1940 squad and the S.E.C. champions of 1939.

odds-on favorites. However, the Jackets were in the same boat last year, but managed to pull one game out of the fire. As Oliver and Cavette go, so go the Jackets.

Tech Bowling Team Wins National Collegiate Title

Team Places First In Five-Man Event, Second In Singles And Doubles

After a record non-stop automobile run to New Haven, Connecticut, Tech's bowling team, captained by Bill Schotanus, came through with flying colors and won the national inter-collegiate duckpin championship. The team finished 56 pins above the Wesleyan University team of Middletown, Connecticut. Yale University placed third.

Ward Simms was high man on the winning team with a total of 338. Roane Beard was 333, Captain Schotanus 326, Jimmy Smith 312, and Robert Cliett 311.

Robert Cliett missed taking the singles championship by one heart-breaking pin. J. Moore of Wesleyan placed first with 360 and Cliett second with 359.

The Jacket team of Jimmy Smith

Track Team Wins At Athens

(Continued from page 4)

made up for lost time by coming back and winning the 880 from McGuire and Morgan of the Yellow Jacket squad, in addition to breaking the meet record of '38 set by Gillespie of Georgia. The new record now stands at 1 minute 58.1 seconds.

The Bulldog runners grabbed 8 first places, tying for another. Tech's margin of victory was the result of a superior number of trackmen and second and third places.

and Bill Schotanus also finished second in doubles, Bleakley and Vaughn of Yale nosing them out 676-662.

This is the first year that Tech has ever had a five-man team at the national tournament, though Tech men have brought home individual honors in the past.

The National Duckpin Tournament Congress will be held in Atlanta next year with Morgan Blake, newly elected president, in charge.

FRESHMAN TRACK TEAM WINS OVER GEORGIA BULLPUPS

The Baby Jackets followed the example set by the varsity squad in good fashion. The Freshmen made off with 11 out of 13 points in their meet last Saturday with Georgia's first year men.

Track Summaries

Shotput—Won by Fordham (G), Bartlett (T), Sanders (T). 44 feet 10 inches.
Pole Vault—Won by Wooten (G), Beers (T), Haymans (T). 12 feet.
High Jump—Wooten (G), Duteil (T), Braddy (T), tied for first. 5 feet 11 inches.
440-Yard Dash—Won by Whitney (T), Venable (T), Watson (G). 51.6 seconds.
100-Yard Dash—Won by Cate (G), Hunnicutt (G), Pair (T). 10 seconds.
120 High Hurdles—Won by Cate (G), Bryan (T), Plaxico (T). 5.1 seconds.
880-Yard Run—Won by Frederiksen (G), McGuire (T), Morgan (T). 1:58.1.
220-Yard Dash—Won by Pair (T), Mumma (T), Beals (T). 22.1 seconds.
Discus—Won by Bartlett (T), Webb (T), Fordham (G). 127 feet 1 inch.
Two-Mile Run—Won by Manley (T), Cash (T), Condon (T). 10:22.1.
220 Low Hurdles—Won by Cate (G), Plaxico (T), Bryan (T). 24.9 seconds.
Broad Jump—Won by Cate (G), Beals (T), Duteil (T). 23 feet 4 inches.
Javelin—Won by Salisbury (G), Wood (T), Webb (T).

My Friend, Joe Holmes, is now a horse

JOE always said when he died he'd like to become a horse. One day Joe died.

Early this February I saw a horse that looked like Joe drawing a milk wagon. I sneaked up to him and whispered, "Is it you, Joe?"

He said, "Yes, and am I happy!" I said, "Why?" He said, "I am now wearing a comfortable collar for the first time in my life. My shirt collars always used to shrink and irk me. In fact, one choked me to death. That is why I died!"

"Why didn't you tell me about your shirts sooner?" I exclaimed. "I would have told you about Arrow shirts. They never shrink out of fit! Not even the oxfords."

"Swell," said Joe. "My boss needs a shirt like that. I'll tell him about the button-down Gordon oxford. Maybe he'll give me an extra quart of oats. And, gosh, do I love oats!"

C.A.A. Pilots From 382 Colleges To Participate In Shell Contest

\$15,000 Scholarship Offered On Basis Of Grades, Flight Competition

Student pilots from 382 out of the 435 colleges taking part in the Civil Aeronautics Authority's civilian pilot training program have already indicated their intention to participate in the national competition for the \$15,000 Shell Aviation Scholarships and awards, it was announced today by Major Lester D. Gardner, executive vice-president of the Institute of the Aeronautical Sciences.

The nation's three outstanding student pilots will be selected by means of an audit of their grades and by a nationwide flight competition on or about July 15. Seven regional elimination contests are to be held, after which the seven winners will compete for the three national scholarship awards at Washington, D. C., at a later date.

The winner of the national competition will receive a scholarship of \$1,000 to be used for advancement of his education along aeronautical lines. Students placing second and third will receive \$750 and \$500 scholarships, respectively.

Signed cards indicating a desire to compete have been received from student pilots as far away as Alaska, Hawaii, and Porto Rico. Cards are still being received and to date more than 2,000 college students have ex-

pressed a desire to enter the competition. A total of 228 non-college student pilots have also expressed a desire to enter the contest.

Awards will be made on the basis of the student's record in the government flight and ground courses and his ability to execute specified flight maneuvers with maximum precision and safety. Stunt flying will have no place in the competition to select the winners. Provision is made for expenses of finalists and semi-finalists.

The university or college which is judged to have made the best record in training student pilots as a participant in the C. A. A. program will receive the Shell Intercollegiate Aviation Trophy. A similar award will be made to the flight school achieving the outstanding flight training record in the United States. In the event that a sponsor organization has the best record, an additional award, to be known

as the Shell Aviation Trophy, will be provided.

The Shell scholarships and awards fund will provide cash awards for the flight instructors who train the seven student pilots who qualify for the finals of the competition, and engraved wrist watches will be given to the seven semi-finalists. Each of 49 contestants who compete in the seven regional elimination contests will receive a parchment certificate.

The typical college student has a vocabulary of 60,000 words.

Net worth of campus organizations at the University of Wichita has been set at \$14,655.09.

Bad Weather? Watch For Fights

CLEVELAND, OHIO—(ACP)—A Cleveland College psychologist, Dr. Oliver H. Ohmann, maintains that a correlation can be made between police records and weather records. He states that assault and battery cases are most numerous on days of low humidity, and that suicides are most common on clear days late in the spring. Inmates of mental institutions are most disorderly during extreme variations in temperature. Further experiments indicate that teachers have most disciplinary problems in windy weather.

Y.M.C.A. Cabinet To Give Dance

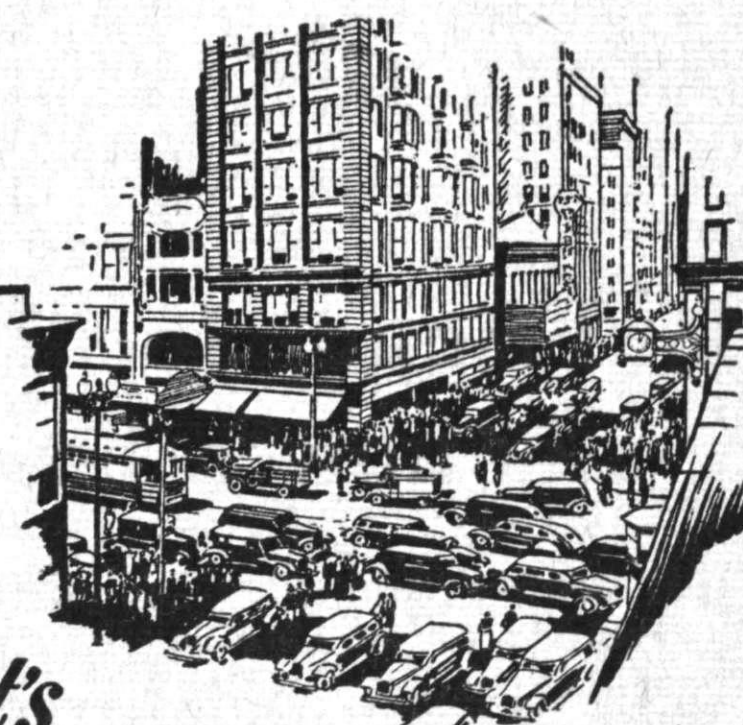

Saturday afternoon, May 4, from five to seven o'clock the Y.M.C.A. Cabinet is having a tea dance on the second floor of the "Y" building. All members of the Cabinet and their friends are invited to come and bring their dates.

Music will be furnished by a high fidelity recording system, presenting the latest popular dance music. Among the feature records will be "Tea For Two," although there will be punch for over fifty.

This dance is an innovation for the regular Y.M.C.A. program, and if the response warrants, tea dances will probably be given again. There is no charge for the dance.

America's Busiest Corner
