Smith, Prof. Christos
Alexopoulos, Helen
Reichardt.

STUDENT TEAM: Patrick Brown, Ricardo Corrales, Kathryn Currier, Ahmet Emre Eser, Helen Reichardt, and Jennifer Smith

FACULTY ADVISOR: Professor Christos Alexopoulos

PROJECT TITLE: UPS Mail Innovations Facility Expansion Design

PROJECT SUMMARY: UPS Mail Innovations provides bulk mailers First-Class mail service for small packages at discounted rates. Customer demand for larger packages requires significant capacity expansion in both facilities and equipment. Our team designed facilities that will allow UPSMI to capture a significant market share estimated at \$1.7 billion per year.
