Programming the future:

Toyota funds CS programs for GA public schools

By Ethan Trewhitt / STUDENT PUBLICATIONS

A pair of students participate in the computer science education program at last yearõs Summer 2005 ICE@Tech camp. The organization provides instruction in computing to middle and high schoolers.

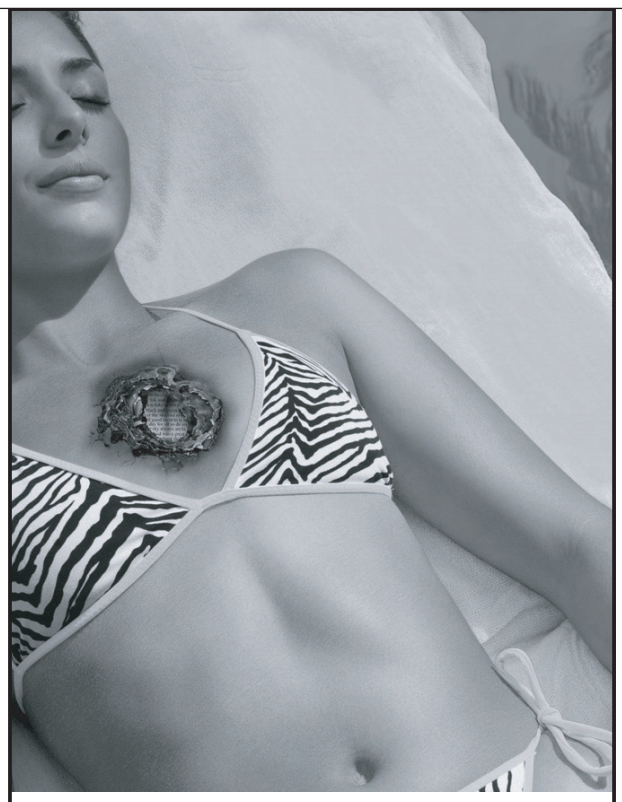
See Crecine, page 16

> òWhen you talk about Crecine, the þrst word that comes to mind is vision... but people often remember the bitterness engendered by the process of restructuring rather than the ideas of the man.ó
>
> **August Giebelhaus**
> **History, Technology and Science Professor**

COURTESY GEORGIA TECH ARCHIVES

President John Patrick Crecine oversaw the elimination of the College of Management and reorganization of the campus college system.



Five or more sunburns
double your risk
of developing skin cancer.
