

Advisory Committee Surveys Next Term

Dozier Elected Vice-President Of Convention

Fourteen Tech Students Attend Meeting at LSU

Tom Dozier was elected vice-president of the Southern Federation of College Students and Press Representatives at the annual convention which was held at L. S. U. in Baton Rouge, Louisiana, last week. In addition to his position as vice-president of the Southern group, he will also serve as one of the twelve members of the executive committee of the National Federation of College Students and Press Representatives which will meet in Chicago this summer. Tom is secretary of the Student Council, member of the Interfraternity Council, associate editor of the Blue Print, member of the Student Lecture Association, a former class president, and on THE TECHNIQUE staff.

College Press Ass'n

The Federation of College Students and Press Representatives is an organization which brings the student government leaders and publication heads of outstanding American colleges and universities together, so that they can exchange ideas and thereby improve their organizations.

The new officers of the Southern Federation are as follows: John McConnell of the University of Alabama, president; Tom Dozier of Georgia Tech, vice-president; Alice Baird of Texas State College for Women, secretary; and Mr. Cram of Tulane University, financial administrator.

Tech Delegates

The following Tech boys attended the convention in Baton Rouge last week: Harry Arthur, Jim Griffith, Tom Dozier, Dave Eldredge, Davis Fitzgerald, John Fullenlove, Jim Tharpe, Jackson Smith, Sam McLendon, Russell Dunn, "Cash" Peacock, Tom Hill, Ed Killam, and Bob Kemp-ton.

Writers' Contest Deadline Postponed To April 24 by PiDE

The officers of Pi Delta Epsilon announced yesterday that the dead-line for entries in the Writers Contest sponsored by that organization has been changed to Friday, April 24. The date had formerly been set at Friday, April 10.

Officers of the organization gave as their reason for the extension of time the fact that, as yet, not enough entries have been received to present a true cross-section of the journalistic ability of the Tech under-classesmen.

By extending the time, the organization hopes to give students time to get more entries in and to give each contestant more time in which to work on his individual entry.

Any students who are interested in entering the contest and attempting to win one of the \$7.50 prizes will be able to find the complete rules for the contest, as well as the facts for the News-Story class, in the March 27 issue of THE TECHNIQUE.

80% of Regular Attendance Indicated

The Advisory Committee has just recently completed a survey of the various classes here at school, in an effort to ascertain the possible enrollment of Georgia Tech under the accelerated program started in the present semester.

As a result of this survey, it is shown that about eighty per cent of the present Freshman and Sophomore classes will return to Tech for the coming summer term, and that practically all of the present Junior class will complete their work under this accelerated program.

About sixty per cent of the normal Freshman class possibly will be enrolled for the summer term, and the remaining forty per cent are anticipated to enter next fall.

According to Dr. R. S. King, head of the school's Mechanical Engineering Department, there will be about 140 Junior M. E. students in school for the summer term, and about 70 Senior M. E. students, which is just about normal for that department.

Life-Saving Courses To Start Here Soon

Swimmers Urged to Take Water Safety Instruction

The American Red Cross will conduct a series of water safety courses, beginning Monday, April 20th, in the Georgia Tech Pool, Athletic Building, on Third Street, at 7:30 P. M.

Life-Saving Course

Training in Senior Life-Saving followed by the Water Safety Instructor Course will be offered. Many requests for summer jobs as lifeguards, water safety or swimming instructors, camp waterfront directors, etc., are handled through the Atlanta Chapter of the American Red Cross, and the appointments for these jobs will be made to Red Cross trained people.

If you are a reasonably good swimmer and are interested in doing work of this kind or in serving as a volunteer instructor for the Red Cross, you should attend these classes.

Opening Date Given

Remember the date — Monday, April 20th, at 7:30 P. M.—and place—the Georgia Tech Swimming Pool. There will be an admission charge of about 25c each night to cover pool maintenance and towels. For further information and registration, call American Red Cross, First Aid—Water Safety Department, Atwood 2796 or Atwood 2797.

'41-'42 Blue Prints Will Be Distributed May 11, 12, 13

The bigger and better Blueprint is on the presses! It will be distributed on the 11th, 12th, and 13th of May. Seniors will receive their Blueprint on Monday, the 11th, juniors on Tuesday, the 12th, and sophomores and freshmen on Wednesday, the 13th. The copies will be distributed from the side window of Swan Hall. Seniors will receive their Blue Print has been cut down in favor of more snapshots and pictures. A new cartoon motive is carried throughout the annual. Another feature of the Blueprint will be six full pages of four-color kodachrome pictures.

Gray Takes Post As New Y Sec'y Graduate of Clemson Experienced in Work

The new Y.M.C.A. director at Tech is Nash Gray, who arrived this week to replace Charlie Commander, now serving as a lieutenant in the Army. Gray, a 28-year-old graduate of Clemson, is a native of Graycourt, South Carolina.

Tech's new secretary is experienced in Y.M.C.A. work. He was very

Nash Gray

active in Y. activities while an under-graduate at Clemson, and since his graduation there in 1934, he has been connected with the Y.M.C.A. staff at Clemson.

In a statement issued Wednesday, Gray declared himself well-satisfied with the present set-up and contemplated no radical change in the Y.M.C.A. program. Continuing, the new director said, "I'm always available to any student who wants to talk over his problems."

Bad News for Junior!

Scientists Discover Spinach Possesses New Found Vitamin

AUSTIN, Texas, — (ACP) — Spinach debunkers of recent years may soon learn that the time for their own debunking is at hand.

University of Texas scientists have developed from fresh spinach a new and important vitamin, which may prove to be one of the essentials of normal development of the human body.

The vitamin is known as "folic acid," and the scientists believe that when it is purified it will prove valuable in medicine. It is known to play a fundamental part in the life processes of plants, animals and human beings.

The name "folic," derived from the Latin "folium," meaning "green leaf," was chosen after the acid was developed from four tons of spinach. It is said to rank in importance with pantothenic acid, so-called "acid of life."

Cheerleader Tryouts To Be Held Monday

The first try-outs to fill the two openings as cheerleaders will be held Monday at 5 o'clock in the Y.M.C.A. chapel. These places are open only to freshmen. The present cheerleaders will be on hand to instruct the candidates and to help them prepare for the final test to be held in about two weeks. The aspirants will be judged impartially by Professor Fred Ajax, Professor Jimmy Teague, and two of the present cheerleaders.

Senior Constitution Course Given Today

Accelerated Schedule Entails Reducing Course to One Lecture

A lecture on the State and Federal Constitutions will be held today at three o'clock in the Chapel of the Administration Building for all seniors except those who have received credit for Economics 51. An examination will follow on April 17.

Because of the shortening of the term this year there will be only one lecture, which is being given this afternoon. Important material will be covered during the lecture, and printed data on which the examination will be based will be distributed among the students.

Exam Is April 17

The examinations of the State and Federal Constitutions will be held on Friday, April 17, at three o'clock. It is imperative that all seniors who are taking the exam be at the Chapel of the Administration Building promptly.

Exam Regulations

The regulations governing the exam are: (1) A minimum grade of 60 (D) shall be required of those who are present at the lecture. (2) A minimum grade of C shall be required of those who are absent from the lecture. It is a prerequisite for graduation that all seniors, excepting those who have credits for Ec. 51, take this examination.

Skull and Key Shows Tech To High School Students

Prospective Freshmen Visit Military, Engineering Dep'ts

Last Friday afternoon a successful tour of Georgia Tech was conducted by the Skull and Key Society for the benefit of a group of local high school seniors. Starting at 2:00 p. m., a general circuit was made of the electrical, mechanical, physics, textile, chemistry and military departments. An instructor or professor in each department described various pieces of apparatus connected with his particular branch of engineering, and answered numerous questions which were asked by the visitors.

Since this tour was so successful, the Skull and Key Society is anxious to acquaint more high school students with the courses offered here at Tech and, upon request, will be glad to extend its services to any prospective college freshmen who would care to know more about Tech.

Co-op Sophomore Places First in Inter-American Affairs District Contest

Leonard Daniel to Enter Regional Meet at Emory

On Saturday, March 28, Leonard J. Daniel, Tech co-op sophomore, won the district extempore-discussion contest on Inter-American Affairs. The office of co-ordinator of Inter-American Affairs, under the direction of Mr. Nelson Rockefeller, is sponsoring the national contest to stimulate interest in Pan-American affairs. President Roosevelt has heartily approved the project as an aid to closer friendships between the American republics. Approximately 400 college students will participate and all contest speeches are extemporaneous.

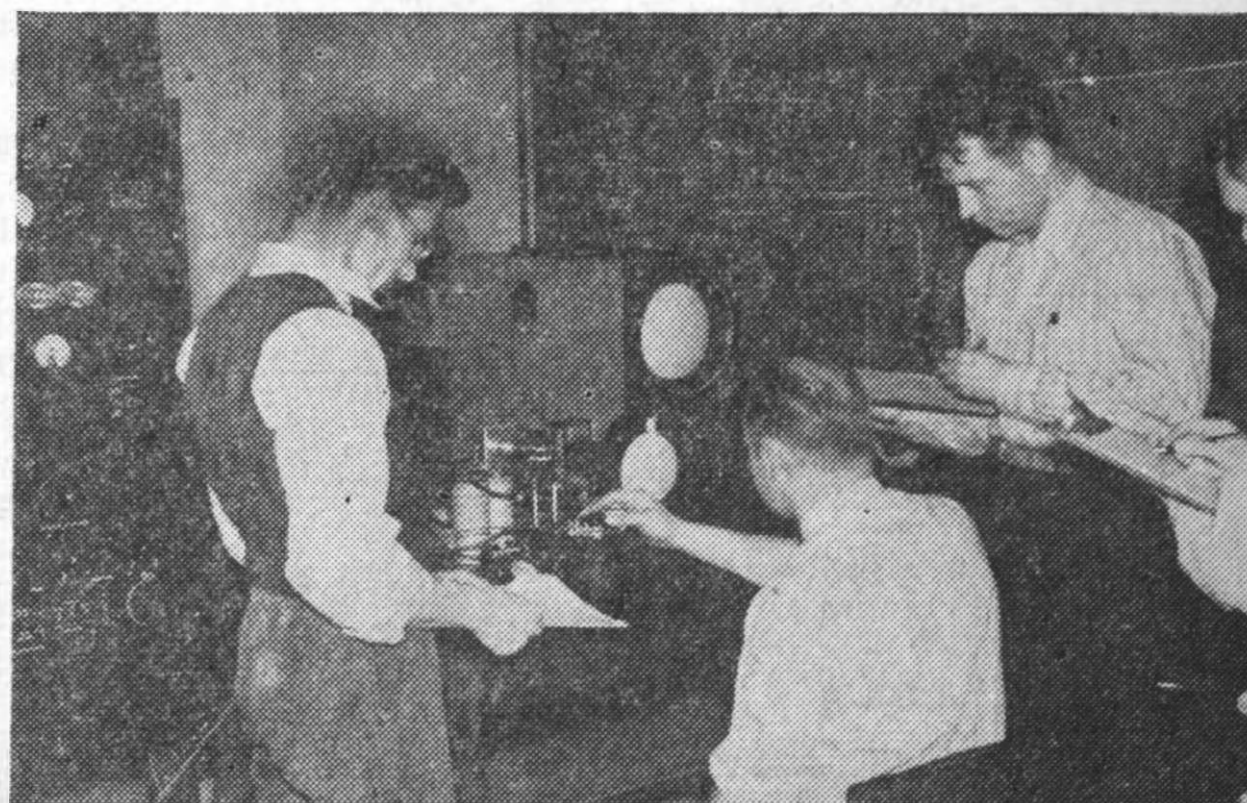

Five Georgia colleges were represented at the district elimination held at Tech last month; they were Emory, Mercer, Wesleyan, Georgia, and Tech. Of the six finalists, three were from Mercer, one from Emory, and two from Tech. Leonard Daniel and Edgar Horwood were the Tech students. Leonard Daniel won first place, receiving a Sheaffer pen, and will enter the Southern regional meet to be held on the Emory campus, April 13 and 14. The two winners from each regional meet will attend a national conference in Washington and take a tour of the American republics this summer.

For a student of Tech, notoriously lacking in liberal arts courses, to win this contest is a great honor, both to the student and to the school.

ODK Notice

All men interested in Omicron Delta Kappa must submit points to Professor Wenn's office in Swann Hall by Saturday, April 11. Points will be based on the following revised system, a minimum of thirty points being necessary for eligibility to election in ODK.

High-Frequency Investigators

E. E. SENIORS (left to right) Hiram Hicks, William Fitts, and Arthur Hopkins assemble apparatus prior to an experiment in the new ultra-high-frequency laboratory.

Hitler's Propaganda Would Divide, Ruin Us - - - If Swallowed

The other day we received a small pamphlet from the Office of Facts and Figures, located in our nation's capitol. Small though it may be, this innocent looking booklet is packed full of material of great importance to every one of us, namely, how to combat propaganda directed at us from the Axis powers. This is a straightforward article on just what rumors and chatter to disregard in the next years.

Following is a summary of what Hitler wants us to believe:

- "Democracy is dying.
- Our armed forces are weak.
- We are lost in the Pacific.
- The British are decadent, and sold us a bill of goods.
- The cost of war will bankrupt the nation.
- Civilian sacrifices will be more than we can bear.
- Our leaders are incompetent, our Government incapable of waging war.
- Aid to our allies must stop.
- The Chinese and British will make a separate peace with Japan and Germany.
- American democracy will be lost during the war."
- To spread these and other lies, Nazi agents will use every rotten trick they know. If we know what to look for and can recognize it when it hits us, the bloodless war of propaganda being waged upon us will be lost before it even gains a foothold.—G. S. K.

Ramblin' Wreckonings

By Maxwell L. Shatzen, Jr.

Well, sir—it takes about two or three minutes to take the oath of office for President of the United States, about the same length of time to take the oath as Governor of a state, and an equal duration of time to be sworn into Uncle Samuel's fighting forces. But,—when a professor at Georgia Tech is administered the oath of a Greek letter society, the good brothers not only are filled with a desire to make the ceremony impressive, but are equally anxious to make sure that the assumed obligations are complete and all-encompassing. Accordingly, Professor Fred Ajax revealed to your reporter that at the close of his recent initiation into one of these worthy brotherhoods, he was practically certain that the oath to which he swore lasted no less than ninety minutes. "Of course," states the Professor, "one does become a wee bit out of practice when fifteen years elapse between oaths." (Goodness, Professor—you haven't been married that long!)

Major Day Promoted

When Major Day come to Tech some years ago, he came as "Captain Day." It was not long before his superiors recognized his genuine ability and true character. So they sent the young Captain a little note which directed him to exchange his double shoulder bars for a pair of sparkling gold oak leaves. To most of the men at Tech, he has always been MAJOR Day—but the truth is that he worked diligently for those pretty symbols which command such respect. Very recently, however, the Major received another little notice from the War Department advising him that they were taking him off the gold standard and ordering him to replace his symbolic value with silver. And so, fellow Techsters, your reporter takes enormous pride in announcing that the original little "Captain Day" who came to Tech a few years ago is now "LT. COLONEL" Day. It must be obvious to all of you that such a promotion is truly deserved. CONGRATULATIONS, Colonel!

Army Day

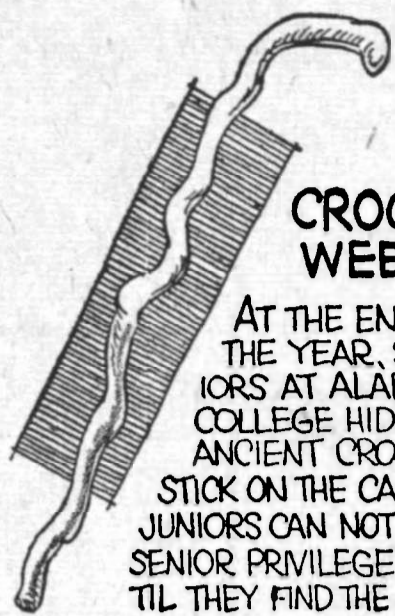

This year Army Day took on a very real significance. It was inspiring to witness the impressive military display given by the various Tech units. The Coast Artillery outfit provided battle-field realism by firing their field pieces, and the regimental parade was beautifully executed. Its too bad that Adolph Schickelgruber and his henchmen, Hirohito and Benito, don't realize that Tech's regiment is only ONE of perhaps hundreds of similar outfits of trained American youth. Attention, Seniors! Many of you would like to send invitations as a mark of courtesy, to many of your friends. You hesitate at so doing, because you fear that those friends will feel that they must send you a graduation present. Well,—Emily (Mrs. Post to you) states that it is perfectly proper to write inside the cover of the invitation sent to such friends, "No presents, please!" Now do you feel relieved?

CAPITAL to CAMPUS

ACP's Jay Richter Reports from Washington

There's a job opportunity in Washington for college girls that is underrated—that of housewife. The state of affairs here is better than it may seem. There are nine men for every ten women, a figure authenticated by the Census Bureau. A more heart-warming prospect than the one-

to-four ratio sometimes claimed. Most recent figures show the District of Columbia area has a low marriage rate, but no lower than a number of others, including the states of Delaware, Massachusetts, Pennsylvania—and California, strangely enough. At any rate, Washington men are fair game. And not rationed—yet.

By Bill Roberts

"CANDLE IN THE WIND" NOW ON STAGE AT ERLANGER

The great Helen Hayes is now playing in "Candle in the Wind" at the Erlanger. It is a great story by Maxwell Anderson, staged by Alfred Lunt. It is to be here tonight, Saturday afternoon and night.

GORGEOUS GRABLE IN "SONG OF THE ISLANDS" AT FOX

Imagine blonde, lissom Betty Grable made to love by handsome Vic Mature in a south sea island setting. This is the treat in store for us when we see "Song of the Islands" which starts next Friday at the Fox. It is in beautiful technicolor. Jackie Oakie, Billy Gilbert, and the Royal Hawaiians make this a swell picture.

"THE FLEET'S IN" NOW AT THE PARAMOUNT

The great Dottie Lamour is the star of this good musical which is now playing at the Paramount Theatre. Jimmy Dorsey's Orchestra is in it, too!!

"TWIN BEDS" STARTS THURSDAY AT GRAND

A slick comedy cast, headed by such luminaries as Joan Bennett,

George Brent, Mischa Auer, Glenda Farrell, Una Merkel and others is responsible for the gayety, fun, and beauty which highlights the swift, funny picture, "Twin Beds," which starts Thursday at Loew's Grand.

"WE GO FAST" AT CAPITOL TODAY

The 20th Century Fox comedy, "We Go Fast," starts today at the Capitol Theatre. It stars Lynn Bari, Alan Curtis, Sheila Ryan, and others.

On the stage is "Meet the Girls." It is a good vaudeville, with a good chorus line. Monday starts "Shining Victory" with Geraldine Fitzgerald, and James Stephenson with Donal Crisp. It is an interesting dramatic film which lays bare the innermost secrets of a woman's mind.

"WHAT'S COOKING" IS AT ROXY NOW

This show has a great cast of: The Andrew Sisters, Jane Frazee, Bob Paige, Glorie Jenn, Leo Carillo, Charles Butterworth, Billie Burke, and Frank Pangborn, not to mention that Woody Herman's super orchestra is putting forth in it!! It is a musical packed with hits.

THE Technique

GEORGIA SCHOOL OF TECHNOLOGY, Atlanta, Ga. "Home of the Ramblin' Wrecks"

Published every Friday by the students under the supervision of the Student Council

Entered at the postoffice in Atlanta as mail matter of the second class. Accepted for mailing at special rate of postage provided for in Section 1106, Act of October 3, 1917, authorized April 8, 1922.

TOM HILL Editor-in-chief CHARLES M. JONES Business Manager

Revised ODK Point System Presented

PUBLICATIONS

Maximum, 10 points. For the Technique, Blue Print, and Yellow Jacket: 1 point per publication first year. 1 point per publication second year. 2 points per publication third year. 2 points per publication fourth year, except editors, business managers, and managing editors.

Engineer: 1 point first year. 2 points second year. 2 points third year, except editor, business manager, and managing editor.

Som-O-Tech: 1 point first two years combined. 1 point for each additional year. SOCIAL—SPEECH—MUSIC

Maximum, 10 points. 3 points, Briarean Society. 3 points, Scabbard and Blade. 1 point per year, Junior and Senior years, Yellow Jacket Club. 11 points per year, Debating Society. 1 point per year, Glee Singers. 1 point per year, Football Band.

One point will be awarded for active membership in a properly chartered student organization, subject to approval at the organization's annual report. Not more than one point to be awarded for membership in social organizations within one department. In the case where the organization is entirely seniors, the award is based upon the report for that year.

LEADERSHIP

Maximum 20 points. Required—minimum 10 points. 8 points, Editor or business manager of the Technique, Blue Print, Yellow Jacket, or Engineer. 4 points, Managing editor of the above publications. 4 points, Editor or business manager Som-O-Tech. 2 points, Managing editor Som-O-Tech. 6 points, Captain Varsity football team. 3 points, Alternate varsity football team. 5 points, Captain basketball, baseball, or track teams. 2 points, Alternate captain of the above teams. 3 points, Captain of a minor sport (only if team has coach). 4 points per year member of student council (elected members). 4 points, President Student Council. 2 points, other officers of Student Council. 1 point per semester member of Interfraternity Council. (Four points per year per fraternity.) 5 points, President Interfraternity Council. 3 points, Treasurer of I.F.C. 2 points, Other officers of Interfraternity Council. 4 points, President of senior class. 3 points, Other officers. 3 points, President of junior class. 2 points, Other officers. 2 points, President of sophomore class. 2 point, other officers. 2 points, President of freshman class. 1 point, other officers. 6 points, Cadet colonel in military. 6 points, Lt. colonel. 4 points, Major. 3 points, Company commander. 3 points, Captain on staff. 5 points, Lt. commander of navy. 3 points, Lieutenant (second in command). 2 points, Navy company lieutenants. 5 points, President of YMCA. 2 points, other officers. 2 points, per semester, President of a social fraternity. 2 points, President of other organizations, including departmental societies, when yearly report is submitted by the organization and approved by ODK. 1 point, Business manager of Glee Club. 1 point, Captain of best drilled company. 1 point, Officer winning medal given by the Georgia Society of Daughters of Colonial Wars. 1 point, Officer winning award given by the Reserve Officers Association.

ATHLETICS

Maximum of 10 points. Major Sports: Football, track, basketball, baseball. 5 points first letter. 3 points second letter. 2 points third letter. 1 point per year—squad members not receiving letters. 6 points football senior managers. 4 points other senior managers. 2 points junior managers. 1 point per year—other managers. Minor Sports—Cross-country, swimming, fencing, tennis, golf, rifle team. 3 points first letter. 2 points second letter. 1 point third letter. 1 point per year—squad members not receiving letters. 2 points senior manager. 1 point per year—other managers. 1 point freshman numerals. Where there is no coach, the managers and squad members not receiving letters will not receive points.

SCHOLARSHIP

Maximum 15 points. Awards for membership in the following: 4 points, Phi Kappa Phi. 4 points, Tau Beta Pi. 3 points, Phi Eta Sigma. 4 points, Gold "T". 2 points Per year, Honor roll. 4 points per award for scholastic prizes and cups for each of the following: Phi Kappa Phi Cup. Tau Beta Pi Cup. Phi Eta Sigma Cup. Textile Scholarship Medal. Briarean Scholarship Cup. Architectural Medal. Alpha Chi Sigma Award. O. I. Ch. E. Awards. Pi Tau Sigma Awards. Skull and Key Cup. Aeronautical Engineering Medal. Eta Kappa Nu Sophomore Award. Eta Kappa Nu Senior Award. Industrial Management Society Award.

Socially Speaking

By "Goose" Weaver

Looks as though the KA dance and house party was a real success 'cause gossip is really flying around 'bout it. . . . Everyone thinks they had a good dance anyhow!

PHIL EDGE DOESN'T LIKE the idea of so many of his frat brothers entertaining DOT ARNOLD when he brings her around; or maybe he doesn't appreciate "hawks" . . . ROS-LIN ISON revealed the fact that she has a big interest in the Chi Psi house, but she won't tell who, 'cause he's too bashful, she says. . . . Looks like "big brother MILTON ST. JOHN has taken away his little brother's girl, namely CHARLOTTE THOMAS. . . . JACK HELMS also had "big brother trouble" and for good, 'cause his gal (HELEN HILL) married his big brother; they say JACK objected at the wedding, but that didn't stop "big brother." . . . CLAY LEWIS has a broken heart now-a-days, 'cause it looks like FROSTY JONES brushed him off; but don't take it to hard, CLAY, 'cause she isn't the only catfish in the sea.

Smith Slipping—

IF ANYONE WOULD LIKE TO have a date broken, JACK SMITH will be glad to do the job for him; JACK'S had plenty of experience lately, 'cause during the last week four girls broke dates they had with him. You might think he is slipping, but that could never happen. . . . Some one told DAVE ELRIDGE his girl got married, so DAVE lost no time in finding a new one and she is SAL-LY AVERY, it seems. . . . It seems DOT NASH doesn't like HARRY ARTHUR'S sudden interest in Randolph-Macon either. . . .

MAYO "BURNS." Everybody wants to know why HENRY MAYO, "BURNS" when anyone mentions the name JACQUELYN to him. . . . The name BARBARA must appeal to BOB SANDERS: first it was BARBARA DILLION, and now it's BARBARA LOWE, ahem! . . . STOKES RAMSEUR and ANN WINTERS really have "it" bad these days; in

fact, that's about all STOKES talks about now. . . . ED KILLAM has been dating the cutest little girl that everyone wants to meet. How about an introduction, ED? . . . BUDDY SANDERS has been up a tree lately since MARY HILL has been using her charm to lure him there. . . . Is it true that BILL WOODARD is really married, or is he just engaged? . . . ANGELYN COLLINS broke a date with ED OWEN on account of out-of-town interference, she says, but of course that out-of-town interference wouldn't have had anything to do with a trip ANGELYN, "JO JO" MOORE, ZEKE DANIALS, etc., took to Jackson, no! no! . . . E. K. OVERSTREET was lonely Saturday night, so he called up several girls he knew to whisper sweet nothings to them, and now he owns the controlling stock in Southern Bell Telephone Co. . . . It seems that BOB HARRISS isn't so keen on the subject of "LIBBY" WAGNER now since she sent his ring back by way of "T." STRIBLING. . . . All the Betas are wondering how PIERCE YATES acquired that nickname Cup-Cake.

Navy V-7 Program Terminates May 1

Will Be Succeeded By College V-1 Plan

Macon, April 8.—Ensign Harry M. McAllister, U. S. Naval Reserve, assistant recruiting officer, Navy Recruiting Station, Macon, announced today that the present V-7 program will be terminated about May 1, 1942. After then, the only method by which applicants will be taken into Class V-7 will be via the Class V-1 Accredited College Program.

College graduates, seniors and juniors who have attained junior status by April 15, 1942, are, until the termination of the program, eligible for enlistment in Class V-7, leading to a commission in the U. S. Naval Reserve.

College freshmen and sophomores, between ages of 17 and 19, are eligible for enlistment in Class V-1, accredited college program.

Whereby the students completing at least the sophomore year is assured, with possible transfer to Class V-5 for aviation training or to Class V-7. In the latter case, the student will be allowed to graduate before being sent to the Reserve Midshipmen's School.

S P E to Sponsor Formal Saturday

MISS AUDREY WEEKS AND MISS CHARITY ANGLE will lead the S. P. E. annual spring formal respectively with Charles McLeod, president, and Ralph Malone, vice-president.

Many Guests Expected To Attend Annual Affair

The Georgia Alpha Chapter of Sigma Phi Epsilon Fraternity will hold its annual spring formal at the Atlanta Athletic Club, Saturday night, April 11, 1942.

Alumnus Donald Cathcart will be the guest speaker at the banquet preceding the dance. The ball room will be brilliantly decorated with the fraternity colors, purple and red, for the dance which begins at 9:00 P. M. Bill Clarke and his orchestra will furnish the music.

Out-of-town guests and chaperones include Mr. and Mrs. H. S. Bottenfield of Tulsa, Oklahoma; Mr. and Mrs. Earle F. Moak of Binghamton, N. Y.; Mr. and Mrs. R. G. Malone, Sr., of Villa Rica, Georgia, and New York; Mr. and Mrs. J. A. McLeod of Savannah, Georgia; and Mr. and Mrs. T. W. Thompson.

Guests Attend

The new officers and their dates are President Charles McLeod with Miss Audrey Weeks, Vice-President Ralph Malone with Miss Charity Angle, Secretary Billy Counts with Miss Marion Merts, Treasurer Norman Runyon with Miss Charlotte Downing.

Members and Dates

Other pledges and actives attending are: Frank Alexander, Les Little, Kemp Littlefield, Parrish Daniels, Howard Smith, N. B. Ryal, J. D. Bird, B. L. Helton, Bill Thompson, Jim Barr, and Woody Sheip.

Tech Man Dies As Army Plane Crashes In Practice Flight

Lieutenant H. C. Chandler, a former Tech student, was killed in an airplane crash Sunday. During a practice run, the ship went into a spin, crashed on the ground, and immediately burst into flames.

Lt. Chandler joined the Air Corps last May and was graduated with the commission of second lieutenant last December at Brooks Field, San Antonio, Texas.

Lt. Chandler's father is the proprietor of the Fraternity Barber Shop on North Avenue.

Skull and Key to Initiate Seventeen

Skull and Key, honorary sophomore society, is initiating seventeen new members, April 10 and 11.

The club's annual tea dance honoring the new initiates will be given at the Biltmore Hotel on April 18. A banquet will follow the dance for the members.

The following men will be initiated: L. J. Skidmore, H. D. Touchstone, George Wagenheim, Ed Council, Wally Shiver, Bob Thorner, George Ewing, James Brooks, John Gattey, Jack Thrasher, S. R. McGee, Jack Dobson, C. Hoke, Paul Nelson, Tom Frazier, Frank Hoel, and John Thibadeau.

EE. Students See Bell Telephone Films

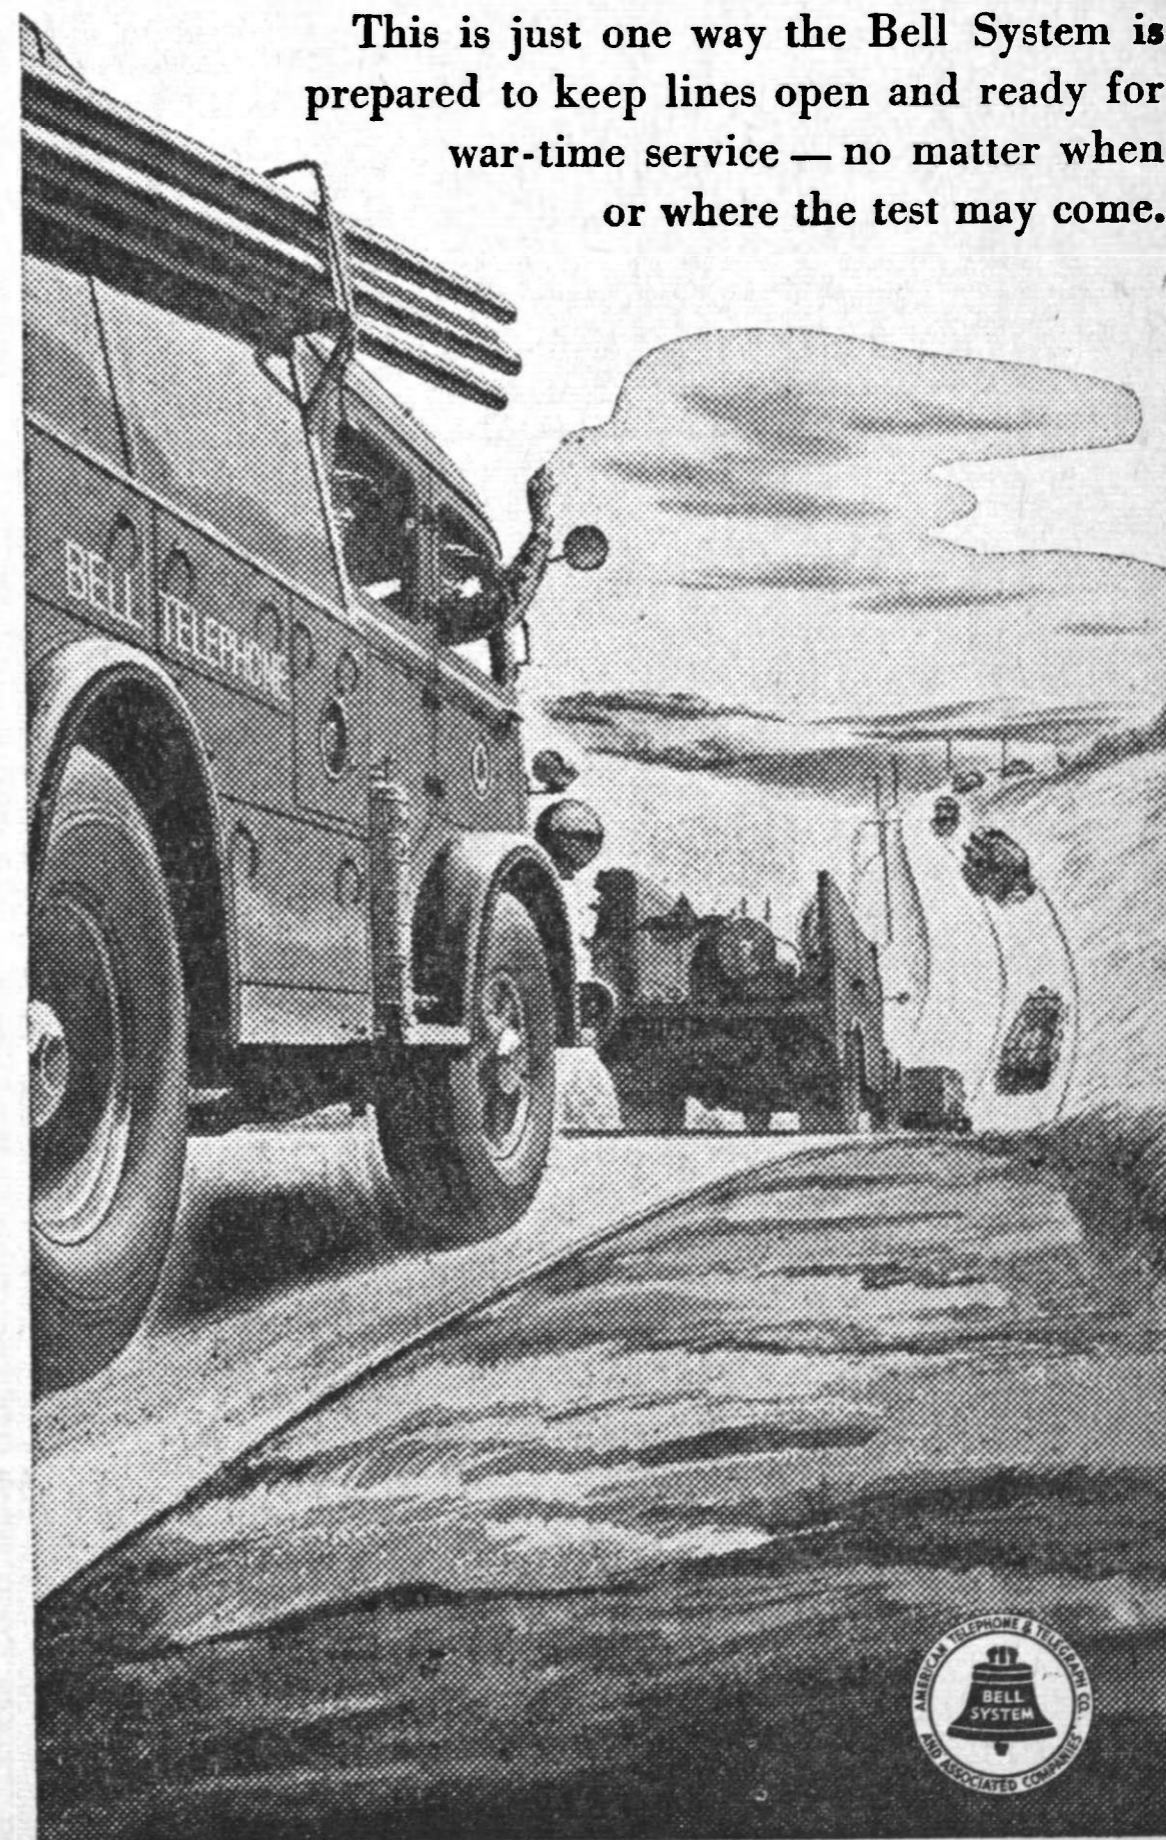

At an assembly Monday morning, April 6, of Sophomores, Juniors, and Seniors of the E. E. Department, several electrical films were shown by Eta Kappa Nu, electrical engineering society. These were sound films portraying in straight and animated photography the manufacture and operation of coaxial cables, the theory of the terrian clearance altimeter, the operation of a two-way radio telephone circuit, and the technique of climbing telephone poles. It was through the courtesy of the Bell Telephone Laboratories that these films were available.

On Alert...

the Task Force of the Telephone army!

Wherever the call, a mechanized army of more than 27,000 Bell telephone trucks stands ready. Each has a skilled crew . . . armed with hand tools and power equipment designed especially for the job to be done. They are ready and efficient and can be mobilized anywhere, anytime.

This is just one way the Bell System is prepared to keep lines open and ready for war-time service — no matter when or where the test may come.

Fencers Take Second In Southern Tourney

Engineers Bow to William and Mary in South Atlantic Tournament by Narrow Margin

Closing the season for this year, the Jacket maskmen wielded potent weapons at the annual South Atlantic Tournament staged this year at Chapel Hill, emerging close behind the winning William and Mary team to capture second place honors. Besides this the foil team defeated a powerful opposition to win the cup offered in that weapon. The fact that the Jackets won no medals for individual honors only indicates further the fact that the whole team was performing in laudable style and contributed equally to the success.

Fence Off

Captain Arthur Wade, Straiton Hard, and Dick Schwarcz, fencing on the A, B, and C strips respectively in the foil, each contributed four wins to the total score which saw three teams tied for first place. In the ensuing fence-off the Jacket team displayed its best form of the year to beat out William and Mary, last year's victor, and a hard-fighting Virginia team and carry off the trophy. Tech wound up a half a point behind in the epee, and William and Mary and V.M.I., each having that half-point lead over the Jackets, fenced off for first and the former was declared the victor. Pacing the Jackets in this weapon were Ed Price, fencing on the A strip, and Val Winkleman, on the C, each with four victories to his credit. Captain Wade was close behind with three triumphs. The final event was the saber, and in this department William and Mary put on the sprint that led to final victory, winning 14 matches against Tech's 8. Jimmy Sturrock and Dick Schwarcz each ac-

counted for a trio of wins and Lin Flanagan on the C strip added a pair more. The final count showed William and Mary with 37½ points and Tech in second place with 31. Other teams participating were Virginia, Washington and Lee, V.M.I., and the Norfolk division of William and Mary.

Jackets Tried Hard

While believing that with a slight wavering of the scales of fortune his proteges might possibly have replaced the winner, Coach Morenus was well pleased with their fine showing. The team fenced hard and made a reputation to respect in every department they fenced.

For the winning William and Mary team, it was Glassman and Grover, a pair of tournament veterans, who turned the tide in favor of their team and won a majority of the individual awards, repeating their performance of last year's event. All of the competition was of the highest caliber and spirit of competition, and sportsmanship was well blended to make the tournament a great success. Next year's tournament will probably find the University of Virginia playing the role of host.

Jacket Golf Team Bows to Kentucky, Crushes Tennessee

Journeying to Lexington on April 3, Georgia Tech's golf team did not fare very well against the University of Kentucky's team. With the aid of Ramsey, Lexington city champion for the last three years, the Wildcats surpassed the Jacket team with the score of 16½-1½. Nevertheless, the Tech golfers were not in the least downhearted, and the next day they arrived at Knoxville, determined to do their best against the University of Tennessee golf team.

Vols Conquered

With Kendrick, Adair, Florence, and Sargent overwhelming their opponents, the Jacket team easily eclipsed the Vols by a score of 15-3, with Sargent's 75 as low score.

Vandy Next

Tomorrow will find the Tech golfers in Nashville, where their prospects for beating the Vandy Commodores seem very hopeful.

Engineer Nine Starts Season With Three Wins Out of Four

Strike One!

Fraternities Form Softball Teams As IFC Tourney Opens

The annual fraternity softball league sponsored by the Inter-Fraternity Council is now in full swing. As in the past the teams have been divided into two leagues, with the championship being decided by a play-off between the two league leaders.

K. A.'s Strong

Although all the ball clubs were supposed to have opened their seasons April first and second only the following scores have been turned in:

The K.A.'s, last year's champions, gave notice that they were out for the title again this year when they nosed out the K.E.'s 6-5. The Sigma Chi's, another strong outfit last year, walloped the Chi Phi's 12-5. The Beta's beat the S.A.E.'s in a pitcher's duel, 3-1, while the Phi Sigma Kappa's trimmed the Beta Kappa's 18-7. The Theta Chi's rolled over the Phi Gam's 16-3; the Pi Kappa Phi's steamrollered the ATO's 15-1; the Delta Sig's lost to the Chi Psi's 6-5, and the Delta Tau Delta's beat Phi Ep's 7-3.

Frats Play All Games

Shirley Nicholls, tournament manager, urges all fraternities to be sure and play all games and to report all scores to him at the Delt house as all games not played before May 8th will be counted against both teams.

KA, SAE Fives Win Second Round of Bowling Tourney

Interfraternity pin-topplin' on the Tech campus has reached the finals. The champions in the "White" League are the S.A.E. keglers.

In the "Gold" League, the Kappa Alpha "five" are far in the lead with a loss of only two games out of twenty-one.

The S.A.E.'s will match skill with the KA's for the Bulldog League championship (second round). First round winners were the Chi Phi's and Sigma Chi's.

Present and final standings are as follows:

"WHITE"

	Won	Lost
S. A. E.	20	7
Pi Kappa Phi	19	8
Chi Psi	17	7
ATO	17	10
Beta Theta Pi	16	8
Pi Kappa Alpha	12	12
S. P. E.	14	10
Chi Phi	11	13
Kappa Sigma	9	15
Phi Delta Theta	7	17

"GOLD"

	Won	Lost
Kappa Alpha	19	2
Phi Epsilon Pi	16	8
Sigma Chi	13	5
Theta Chi	7	5
Delta Tau Delta	11	10
Delta Sigma Phi	9	6
Phi Sigma Kappa	6	12
Sigma Nu	5	7
Beta Kappa	2	13
Tau Epsilon Phi	0	24

Jackets Crush Kentucky; Split with Presbyterian

Tech's baseball nine opened their season last Friday and Saturday by taking to the field against Presbyterian College for a two game series. The Jackets broke even in this contest and then went out to face the Kentucky hurlers on Monday and Tuesday. In this series Tech gathered up enough steam to crush the Wildcats in both games.

First Game Won

Amid a flourish of spring, which presented excellent baseball weather during the entire week-end, the Jackets took the first game from Presbyterian 9-6. Duck Smith was on the mound for Tech and he stayed there pitching those curves the entire nine long innings. Though slightly outthit during the fray, the Jackets were able to bunch their power together and that's where it counts. In two wild innings, the second and the seventh, the Engineers made all of their record.

Shortage In Pitchers

The Jackets faced Wildcat Pitcher Clyde in the second game, and Clyde had enough on the ball to limit the Engineers to four runs while his teammates were crossing the plate fourteen times. Tech's line-up was altered in four places by interruptions from the faculty, and Coach Mundorff was hard pressed for pitchers. Bocherri opened the game but was unable to gain control of the ball, and Third Baseman Crawford soon took the mound, followed a few innings later by Castagnetta. It was in this game that Snyder took a bad bounce on his cheek which produced that shiner he had to answer for.

First Conference Game

On April 7th Tech turned its guns on Kentucky, who was down for a series. This was the Jacket's first conference match and they were determined to open their schedule as all good teams should. At the end of the ninth the Jackets were ahead 10-9. Buck Anel won the spotlight of the game when he sent the Wildcat outfield scampering back for a homer with the bases loaded. Duck Smith had pulled his arm a little on his first appearance against P. C., but he was back on the mound to sling 'em down to those Wildcats. Larry Mulline of Kentucky also lifted one up to home run proportions but was able to bring in only one teammate with him. Bubber Quigg turned in a perfect batting record with three for three during the performance.

Close Score

In their second tussle on the diamond Tech again defeated Kentucky, but it was in the last half of the ninth and by a score of 6-5. The Jackets got off to a flying start and rolled up a four-run lead. In the fifth inning, however, Carlton Lewis, who was doing pitching duty for Tech, allowed the Wildcats two hits which accounted for three runs and, by the end of the eighth, it was still anybody's ball game with a score of five all. Things rocked along then until the final half of the ninth, when Morris managed to get on second base by virtue of a fielder's choice and a stolen base. Little Castagnetta was at bat and he stepped into a lively single which brought in Morris and the ball game.

The Tech nine were on their toes the entire game, featuring two well-timed double plays in the third and fourth innings.

Aviation Cadet

Senior Cadet Captain Roy W. Ferguson, son of Mr. and Mrs. Robert E. Ferguson, 2279 First Avenue, Atlanta, Georgia, was a member of the first class of Aviation Cadets to be graduated recently from the Greenville Army Flying School.

Tech Riflemen End Victorious Season With National Tilt

Earn Varsity Sweaters Fourteen Men on Team

The Jacket riflemen have recently completed a very successful season. The Varsity team entered both postal and shoulder to shoulder matches. Results of the postal matches with other colleges showed the skill of the Tech sharpshooters. They won 12 matches out of 15, losing only 3. In the shoulder to shoulder matches, the riflemen outshot Clemson, Citadel, and defeated Georgia twice. Mississippi State seemed to be the Jacket's Waterloo. Tech's riflers went down to defeat twice to the Maroon riflemen from Miss. State. These two losses were the only ones dealt to the Tech squad in the shoulder to shoulder matches.

Mason Wins Honors

In the National Rifle Association matches, Tech placed third, while Alabama and Florida placed first and second respectively. Individual honors go to Fred Mason, who placed third among all the contestants in the match.

Sweaters Awarded

The following men will receive sweaters for their service on the Varsity team: H. Riley, J. G. Kearney, W. K. Woodard, C. M. Edelblut, J. F. Mason, E. S. Walton, E. P. Owen, M. A. Gowen, J. A. Feagle, W. J. Cooper, captain of the team; E. S. Love, W. R. Seay, F. A. Baker, J. F. Richards.

R.O.T.C. Wins

The Army R.O.T.C. rifle team participated in postal matches with other units and they came out on the victorious side by winning 11 matches and losing 9. The freshman team broke even in the results of their matches. They won 3 and lost 3 matches.

Sweater awards for the Army R.O.T.C. and the Navy R.O.T.C. teams will be announced next week.

Drum-Major

Kenneth LeBar, freshman drum major at Kent State University who recently won the Penn-Ohio championship for outstanding work as a drum major, knocked himself out recently with a baton while practicing. LeBar tossed the baton into the air, but instead of catching it in his hand he stopped it with his head.

Trackmen Show Power In Conquering Alabama; Face Florida Tomorrow

With Alabama as the unfortunate guinea pig, the Yellow Jacket tracksters started the season off with a bang at Grant Field last Saturday, in trouncing the Tide by a 69½ to 56½ count. Brilliant performances and general all-around strength revealed that Coach George Griffin's cinder-panthers are a formidable factor in S.E.C. track and field circles this year.

Ryckley Stars

Individual star of the meet, from the point of highest scoring, was Ed Ryckley, who won both sprints in fine early season times, and came through for a second in the broad jump, a feat made remarkable by the limited time the sawed-off speed-merchant has been in practice. In finishing a step behind Ryckley, a soph, Duggan, showed great possibilities in the century.

Bama's defending conference champ in the weights, trim Hal Johnson, took honors in the shot and discus, pushing the weighty pellet out past the 50' mark on his mighty winning heave. Tech's Webb and Coughlin also turned in marks that would be termed excellent mid-season performances. Webb's 191' javelin toss lead a clean-sweep for the Engineers in that event, McDonald and Wilson following the giant end in. As predicted, Coughlin and Stevens ran a grueling, red-hot mile, with Coughlin breaking the tape in 4:25, scant inches in front of the Tide entry. Captain Billy Weeks had an easy time of it in the pole vault, winning at 12'-6".

Kuhn Out

Other Jacket winners were Sanders, a soph, in the 2 mile grind, and Braddy, who earned a tie in the high-jump.

The victory would have been a good deal more pronounced had Kuhn been available. The crack hurdler was a cinch to walk off with both barrier events prior to being called home.

Tomorrow the squad plays host to Florida in what may turn out to be Tech's toughest meet; nothing definite is known about the 'Gators but they are notoriously strong in the field where their conference high jump champion, Gardner, stars.

Football Bandmen Receive Sweaters, Keys for Services

Recently the group of bandmen receiving the awards for outstanding service to the football band were selected and approved by Dean Field and the Athletic Association. These awards are made annually, based upon the service rendered to the band by eligible contenders.

The following men were awarded Gold Sweaters:

Codding, L. E.; Dodgen, J. E.; Steed, H. C.; Tennison, J. C.; Van Voohees, E. B.; Wachter, R. E.

The following men were awarded silver "T's":

Boucher, J. H.; Brown, H. A.; Covey, L. S.; Cox, R. M.; Fornara, J. S.; Francis, W. D.; Green, W. M.; Hankinson, T. W. E.; Hartlein, R. F.; Horne, P. L.; Herron, R. D.; McGaughey, J. C.; Mauldin, T. R.; Pitman, R. D.; Rhodes, K. E.; Shanks, T. A.; Steele, W. I.; Taylor, E. A.; Varner, J. E.

The following men, being the officers for next year, were awarded gold "T's", these being given by Kappa Kappa Psi, honorary band fraternity:

Taylor, E. A., Captain; McGaughey, R. D., 1st Lieut.; Capelouto, I., 2nd Lieut.; Wachter, R. E., 2nd Lieut.

The above men formed the nucleus of the football band last season.

Anchors Aweigh! Naval Air Program For College Men Approved by Knox

The Secretary of the Navy has approved the following program for college men who wish to enlist in naval aviation:

1. Effective immediately, the minimum age requirement is nineteen (19) years of age.

2. Sophomores enrolled in colleges may now be enlisted in the Naval Reserve, provided they can present a letter from the registrars of their colleges stating that they have every reasonable expectation of completing two (2) full years of college by June, 1942. Men so enlisted will not be ordered to active duty until they can produce a transcript signed by the registrar in June, that they have actually completed the prescribed minimum two (2) years of college. If, after being so enlisted, these men fail to meet the prescribed educational requirements, they will be transferred to another class of Naval Reserve for which qualified, in the discretion of the Navy Department, and not discharged from the Naval Reserve.

3. Juniors in college may enlist immediately in Naval Aviation and not be called to active duty until the completion of the current college year in June, 1942. Immediately thereafter, they will be assigned to active duty in the earliest class in which they can be accommodated.

4. Seniors may enlist now and not be called to active duty until completion of the current college year.

Full information concerning this new procedure for entrance into Naval Aviation may be obtained at any Navy Recruiting Station, or at the Naval Aviation Cadet Selection Board, 607 Mortgage Guarantee Building, Atlanta, Georgia.

overmatched opponents.

The individual results were:

Singles

Maddox (Tech) defeated Howard, 6-1, 7-5.

Fowler (Tech) defeated A. Holbrook, 6-1, 6-0.

Wagenheim (Tech) defeated Cagle, 6-1, 6-0.

Brown (Tech) defeated Burton, 6-0, 6-1.

LeCraw (Tech) defeated Free, 1-6, 6-2.

Murphy (Tech) defeated T. Holbrook, 6-0, 6-1.

Doubles

Maddox and Fowler (Tech) defeated A. Holbrook and Cagle, 6-0, 6-1.

Brown and Wagenheim (Tech) defeated Howard and Burton, 6-1, 6-1.

Murphy and LeCraw (Tech) defeated T. Holbrook and Free, 6-1, 6-1.

Jacket Netmen Win Over Rebels, Lose To Blue Stockings

Georgia Tech's varsity tennis team split a pair of matches the past weekend by defeating Ole Miss, 5-2, and losing to the strong Presbyterian team, 8-1.

Nelson Abell scored the Engineers' lone victory against Presbyterian by defeating Heedham. It was Abell's third consecutive victory this season.

Result of the Ole Miss match:

Singles

Noel (Ole Miss) defeated Lindsey, 6-4, 8-6.

Johnson (Tech) defeated Jacobs, 6-1, 6-2.

Abell (Tech) defeated Bevis, 6-2, 8-6.

Pegram (Ole Miss) defeated Wellburn, 8-6, 6-4.

LeCraw (Tech) defeated Bounds, 6-4, 7-5.

Doubles

Lindsey and Johnson (Tech) defeated Noel and Jacobs, 7-5, 6-4.

Abell and Wellburn (Tech) defeated Bevis and Pegram, 4-6, 6-4, 6-1.

Results of the Presbyterian College match:

Singles

Farmer (P.C.) defeated Lindsey, 6-1, 12-10.

Larson (P.C.) defeated Johnson, 6-3, 4-6, 6-4.

Abell (Tech) defeated Heedham, 6-2, 3-6, 6-2.

Prochasta (P.C.) defeated Wellburn, 6-2, 6-3.

Selge (P.C.) defeated LeCraw, 6-1, 6-2.

Wilborn (P.C.) defeated Doughty, 1-6, 6-2, 6-0.

Doubles

Farmer and Larson (P.C.) defeated Johnson and Lindsey, 6-3, 6-3.

Heedham and Selge (P.C.) defeated Abell and Wellburn, 8-6, 6-3.

Prochasta and Wilborn (P.C.) defeated Sellers and LeCraw, 6-1, 6-2.

Tech's strong freshman tennis team whitewashed and outclassed Canton H. S. team, 9-0. The Tech freshman team, regarded as the strongest freshman tennis team ever seen on the Flats, did not lose a single set to their

TO PITCH, OR NOT TO PITCH The Georgia Tech Yellow Jackets have taken three out of four ball games so far, and almost everybody on the squad has pitched except the manager. The strangest part of this situation is the fact that the infielders seem to do a pretty good twirling job.

With "Duck" Smith as our only regular pitcher eligible, it's been quite a problem for Coach Mundorff to decide just who would relieve the little twirler when his arm began to tire, and the enemy began to pound him. Third Baseman Crawford made an attempt in Monday's game, but failed to stem the tide, and we lost an 11-3 ball game. The following day, First Baseman Carlton Lewis turned in a pretty good job, and some timely hitting gave him the first victory credited to the Tech infield.

We've been mighty lucky, so far, that the hitting has been terrific, led by Buck Andel, who has compiled a nice R.B.I. record for so early in the season. Something is bound to break soon; when that hitting starts to slump, we're just praying that the strong arms of the infield will mow down those rival sluggers.

THE LAST TIME I SAW FLATBUSH Sunday we were treated to an exhibition of how to play baseball, by the National League champs from North of Coney Island. The champs looked more like chumps, sad to relate, as they eeked out a victory over the Crackers. Bob Chipman, highly touted left-hander, got soundly pounded.

On the whole, it seemed that "them bums" are going to have a tough time holding on to that beloved flag. With the Cards and the Reds at their strongest in the past few years, it seems likely that the aging Dodgers will grab a third place berth after the wildest pennant race in National League history. At least, that's the way we see it. I know a lot of "Ramblin' Wrecks" who will heartily disagree.

PILL PASTERS If you get a chance, go up to Augusta over the week-end. Just 190 miles from here, the world's best golfers are chasing the little rubber ball, to carry on seven years of tradition. Techman Bobby Jones plays host each year, and still shoots a beautiful game of golf. Techman Charlie Yates has been given leave from the Navy to compete. It's always a great competition to watch, and a welcome relief from the monotony of these long, hot week-ends.

ON THE RIGHT TRACK The track team gave us a surprisingly good performance here in their first home meet, as they licked the Alabamans by 13 points. Ed Ryckely was high man in the meet, and all that was lacking was a hurdler of the caliber of last year's Morris Bryan and Plaxico. There's a meet here tomorrow with the Florida 'Gators, and we're expecting big things from that dark-horse squad that seems to pack plenty of scoring punch.

Colleges Throughout Country Adopt Speed-up Plan As Students Approve

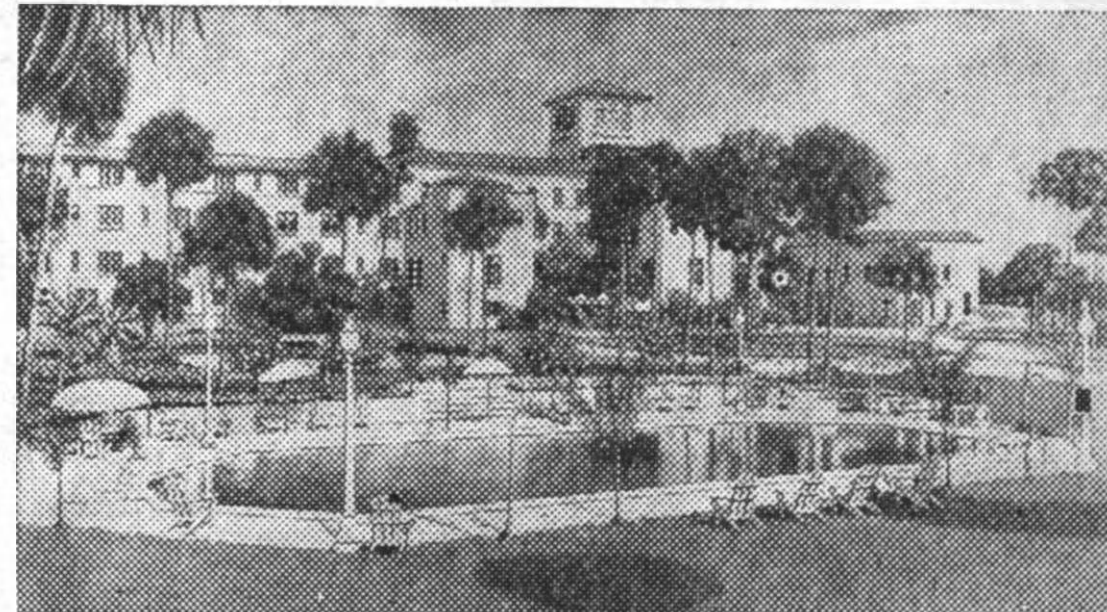

AUSTIN, Texas.—Educators who for years have been advocating a shorter college course for undergraduate work are seeing their idea put into effect as a war measure to speed up the training of youth. Colleges and universities everywhere are adopting an all-out schedule that will allow students to graduate in three years or less. The University of Chi-

cago is offering a degree in two years. American collegians, at least a 56 per cent majority of them, believe the speed-up will benefit students themselves. But at this time they are opposed to such a program as a post-war, long-term objective; more than two-thirds declare that after the war is over they would rather go to school a full four years for their degrees.

Architecture Course Now Offers Varied Curricula

MINTON BRADY, architecture senior and track team star, is posing for a group of fellow-students in a "life" class which is one of the many varied art courses offered by the department.

Tech Department Has Third Largest Enrollment of Students In Nation

By A. L. Lofton

The course in Architecture was opened to Tech students in the fall of 1908, as one of the full professional courses. Since then, the department has grown to such an extent that it is now one of the highest ranking schools of architecture. The school has, according to a recent survey, the third largest enrollment of architectural students in this country.

In the quality of its instructors and students, the record of the architectural department speaks for itself. Tech students have consistently won the highest awards that can be given to a student. Last year, Vernon Shipley, now a fifth year student, won first prize in the National Beaux Arts Contest. Again this year, S. T. Hurst, also a fifth year student, won a second medal in advanced design. This is the highest award given by Beaux Arts on that problem. Two years ago the Department was awarded the French Prize by the French Society of Architects.

Designed Recent Buildings

Professor Bush-Brown, head of the Department of Architecture, is a graduate of Harvard. Since coming to Tech in 1922, he has held the office of president of the local Chapter of American Institute of Architects. He also collaborated with the other members of the department in designing all of the recent buildings erected on the Tech campus.

Receive Practical Experience

Although very modest in his description, one can tell that Professor Bush-Brown is very proud of the department, as well as the faculty and students. The faculty is made up of men from such schools as the University of Pennsylvania, Princeton, and Harvard, and in accordance with one of the policies of the Architectural Department, have a great

Yellow Jacket Club Will Select 16 Men Early This Spring

The Yellow Jacket Club, campus pep organization, is requesting all freshmen interested in joining the group to drop by the Y.M.C.A. and fill out a blank, giving his reason for wishing to become a member.

Each spring, the club selects sixteen freshmen to become pledges during their sophomore year, and at the end of their sophomore year votes in eight of the sixteen to permanent membership.

In general, this organization is responsible for maintaining school spirit and is especially active during the football season.

Columbia University sophomores studying humanities are permitted to don earphones to listen to musical recordings while they learn their lessons.

VIVACIOUS

▲Vivacious Vera Barton, 'teen age Brooklyn miss, is the singing star of Columbia network's "Songs in the Mood of Love." She broadcasts Tuesdays and Thursdays. Maestro Walter Gross directs the music for Vera.

Survey Shows That Students Prefer Soldiers to Dodgers

Conscientious Objectors Pay Government to Avoid Fighting

By Kenny Sessler

Lew Ayers, famous Hollywood actor, and commonly known to movie goers as "Dr. Kildare," has been recently classified as a conscientious objector by his selective service board. It was a hard blow to movie fans, as well as to the executives of the studio to which he was under contract, who knew him only as a A-1 prospect.

Rumors have been started that try to connect his sudden plans to his portrayal of a war-embittered soldier in the picture "All Quiet on the Western Front." Ayers will be interned in a labor camp for the duration of the war and will have to endure 40 hours of hard work a week at his own expense. He will have to pay the government \$35 a month for his keep.

Rather Fight Than Work

All of this has not escaped the attention of Tech students. A cross section of the campus opinion reveals that the hard working scholar had rather receive \$21 a month and have some liberty in squaring their personal grudge with the "mad men of Europe" than to pay the government \$35 a month and also have to toss in 40 hours per week at hard labor.

Democracy Still Reigns

The majority of students compare the case of Lew Ayers with that of Alvin York, and seem to think that York was done the injustice and Ayers was let off easy. However, we are still in America, and every man has his own rights, but the number of Sunday morning sleepers here at Tech will probably decrease.

Sophomore Ch. E's Must Apply for Admission To Next Junior Class

Due to limited laboratory facilities registration in the Department of Chemical Engineering is restricted to 32 Juniors each year. Those students who desire to be considered for admission to the Junior year in Chemical Engineering, starting this June, should file application on blanks which may be obtained from Mrs. Norton, departmental secretary, room 114, Chemical Engineering Building. These applications must be returned to Mrs. Norton not later than April 20th.
