

Dr. Peterson

Welcome: 2015 Campus Walk

5:30 p.m. Tuesday, May 12, 2015

- Welcome. This is the 6th year.
- 100 signed up in advance.
- How many of you are doing the 1 mile route?
- How many the 2?
- How many the Pi Mile? Just so you know, the Pi Mile is not 3.14, but actually between 3.2 and 3.3 because of construction, so give yourself some extra credit.
- Which team is going to win the team challenge for the most participants?
- We appreciate the GoTech Wellness coalition for helping to organize this and get the word out.
- Walking is great for your health, good stress relief, and a great opportunity for fellowship.
- Part of our overall emphasis on wellness (talk about wellness initiative).
- I hope you will mark your calendars now for the Sept. 24 Kaiser Permanente Corporate Run/Walk at Turner Field. Georgia Tech has won the most participation by a non-profit/education institution for the past 5 years.
- Enjoy the walk, and thanks for coming out!
