## President's Welcome

*Welcome to the 256<sup>th</sup> Commencement of the Georgia Institute of Technology. On behalf of the entire Georgia Tech community, I extend our greetings to friends, families, and guests gathered here for this significant event.*

For approximately 3,600 undergraduate and graduate students, this weekend's ceremonies recognize their academic achievements at Georgia Tech and inaugurate a new era in their lives.

At the fall ceremonies, we are awarding bachelor's, master's, and doctoral degrees through our six colleges and 28 schools.

At Georgia Tech, we are proud to be ranked the nation's eighth-best public university by *U.S. News & World Report*. Our undergraduate engineering program is ranked among the top five, and our undergraduate business program ranks among the nation's top 20 at public universities.

As a member of the Association of American Universities, Georgia Tech has outstanding programs in engineering, design, business, computing, liberal arts, and the sciences. With 32,000 students and more than 160,000 living alumni who work in business, industry, and government throughout the world, Tech has become internationally recognized for the quality of its educational and research programs.

Georgia Tech's research strategy focuses on creating transformative opportunities, strengthening collaboration, and maximizing economic and societal impact. With sponsored expenditures of \$824.8 million, Georgia Tech is ranked among the top five institutions in the country in research and development without a medical school.

That said, we are also keenly aware that such impressive accolades would not be possible without our incredibly talented and hardworking students.

Our students consistently excel in the classroom and the laboratory, in co-op work assignments and study/work abroad programs, and in countless campus leadership and community-service roles. I am inspired by their dedication, proud of their accomplishments, and tremendously hopeful about their futures.

In addition, I'd like to thank all the family members and friends of our graduates who have done so much to guide, challenge, and inspire these gifted students both before and during their time here at Tech.

We hope that you enjoy today's festivities, and we wish you and your graduate a bright and successful future.

**G.P. "Bud" Peterson**  
President, Georgia Institute of Technology

# Doctoral Ceremony

9 a.m. | December 14, 2018

## Order of Events

### Processional

#### Master of Ceremonies

Dr. G.P. "Bud" Peterson, *President*

#### National Anthem

Nothin' But Treble

#### Reflection

Mr. Ruilong Ma

*Doctoral Degree Candidate*

*Materials Science and Engineering*

#### Commencement Address

Dr. Seth R. Marder

*Regents Professor, Chemistry and Biochemistry*

*Georgia Power Chair in Energy Efficiency*

*Georgia Tech Distinguished Professor, 2018*

#### Presentation and Hooding of Doctoral Degree Candidates

Dr. Rafael L. Bras, *Provost and Executive Vice*

*President for Academic Affairs*

#### Conferring of Degrees

Dr. Peterson

#### Alma Mater\*

Nothin' But Treble

#### Faculty Recessional

Graduates and Audience

# Master's Ceremony

3 p.m. | December 14, 2018  
*Order of Events*

## Processional

### Master of Ceremonies

Dr. G.P. "Bud" Peterson, *President*

### National Anthem

Nothin' But Treble

### Reflection

Ms. Elizabeth Quigley  
*Master's Degree Candidate*  
*Materials Science and Engineering*

### Commencement Address

Dr. Sebastian Thrun  
*Founder, President, and Executive Chairman,*  
*Udacity*

### Introduction of Academic Deans

Dr. Rafael L. Bras, *Provost and Executive Vice*  
*President for Academic Affairs*

### Presentation of Master's Degree Candidates

Dean Zvi Galil  
*College of Computing*

Dean Jacqueline J. Royster  
*Ivan Allen College of Liberal Arts*

Dean Steven P. French  
*College of Design*

Dean Maryam Alavi  
*Ernest Scheller Jr. College of Business*

Interim Dean David M. Collard  
*College of Sciences*

Associate Dean Douglas B. Williams  
*College of Engineering*

### Conferring of Degrees

Dr. Peterson

### Induction into the Alumni Association

Mr. Bird D. Blitch Sr.  
*IE 1997*  
*Chair, Georgia Tech Alumni Association*

# Ceremony Speakers

## *Doctoral Ceremony Speaker*

Seth R. Marder, Ph.D.

While Seth Marder is a highly committed researcher, his true passion is as an educator. He has mentored more than 200 undergraduate students, graduate students, and postdoctoral researchers, many of whom have gone on to top positions in academia and industry throughout the world. His research interests lie broadly in the area of materials chemistry, specifically in organic materials for electronic and photonic applications. Marder has co-authored more than 500 peer-reviewed papers, which have received over 52,000 citations with more than 100 papers having over 100 citations. He is listed as a co-inventor on 39 granted patents.

In 2003 Marder joined the faculty of Georgia Tech, where he is the Georgia Power Chair of Energy Efficiency and Regents Professor in the School of Chemistry and Biochemistry and a professor of Materials Science and Engineering (courtesy). He previously held academic and research positions at the University of Arizona, the Office of Naval Research, and the California Institute of Technology.

In recognition of his diverse contributions to the scientific and technological community, Marder has been elected a Fellow of the American Association for the Advancement of Science, the

Optical Society of America, SPIE-The International Society of Optical Engineers, the Royal Society of Chemistry, the American Physical Society, the Materials Research Society, and the National Academy of Inventors.

Among numerous awards, Marder has received an American Chemical Society A.C. Cope Scholar Award, the MRS Mid-Career Award, and a Humboldt Research Award. Last spring he received the Class of 1934 Distinguished Professor Award, Georgia Tech's highest recognition for a faculty member.

Known for his tireless commitment to diversity and inclusion, Marder has served on Georgia Tech's Black Student Experience Task Force, the Diversity Symposium planning committee, the Board of Directors for the National GEM Consortium, and on an MRS Award Nomination Subcommittee of the Member Engagement Committee (to increase nominations of women and underrepresented minorities for MRS awards).

A native of Brooklyn, N.Y., Marder holds a bachelor's degree in chemistry from the Massachusetts Institute of Technology and a doctorate in chemistry from the University of Wisconsin-Madison.

## *Master's Ceremony Speaker*

Sebastian Thrun, Ph.D.

An adjunct professor of computer science at Stanford University and at Georgia Tech, Sebastian Thrun has published more than 400 scientific papers and 11 books. He is presently ranked No. 13 by h-index for computer science authors worldwide.

In partnership with Georgia Tech, Thrun created the Online Master of Science in Computer Science program (OMSCS), the nation's largest and most affordable computer science master's program.

Winner of the 2005 DARPA Grand Challenge, Thrun founded Google X and is widely considered the godfather of the self-driving car (and Google Glass and many other Google initiatives). He co-founded Udacity — a for-profit educational

organization offering massive online open courses (MOOCs) — and taught the world's first large-scale MOOC. Along with Larry Page, Thrun co-founded Kitty Hawk, a company focused on “flying cars.”

Elected to the National Academy of Engineering at the age of 39, Thrun won the Max Planck Research Award and was recently honored with two honorary doctorates.

In his business life, Thrun has been named Global Thinker No. 4 by *Foreign Policy*, fifth most creative person in business by *Smart Company*, and one of 25 icons who are most responsible for the world today by *Wired* magazine.

## *Bachelor's Ceremony Speaker and Honorary Degree Recipient* Condoleezza Rice

Condoleezza Rice is the Denning Professor in Global Business and the Economy at the Stanford Graduate School of Business; the Thomas and Barbara Stephenson Senior Fellow on Public Policy at the Hoover Institution; and a professor of Political Science at Stanford University. She is also a founding partner of RiceHadleyGates LLC.

From 2005 to 2009, Rice served as the 66th Secretary of State of the United States, the second woman and first African-American woman to hold the post. Rice also served as President George W. Bush's Assistant to the President for National Security Affairs (National Security Advisor) from 2001 to 2005, the first woman to hold the position.

Rice served as Stanford University's provost from 1993 – 1999, during which time she was the institution's chief budget and academic officer. As provost, she was responsible for a \$1.5 billion annual budget and the academic program involving 1,400 faculty members and 14,000 students. In 1997, she served on the Federal Advisory Committee on Gender – Integrated Training in the Military.

From 1989 to 1991, Rice served on President George H.W. Bush's National Security Council staff. She served as director, senior director of Soviet and East European Affairs, and special assistant to the President for National Security Affairs. In 1986, while an international affairs fellow of the Council on Foreign Relations, Rice also served as special assistant to the director of the Joint Chiefs of Staff.

As professor of political science, Rice has been on the Stanford faculty since 1981 and has won two of the highest teaching honors – the 1984 Walter J. Gores Award for Excellence in Teaching and the 1993 School of Humanities and Sciences Dean's Award for Distinguished Teaching.

She has authored or co-authored numerous books, including three best-sellers, *Democracy: Stories from the Long Road to Freedom* (2017); *No Higher Honor: A Memoir of My Years in Washington* (2011); and *Extraordinary, Ordinary People: A Memoir of Family* (2010). She also wrote *Germany Unified and Europe Transformed: A Study in Statecraft* (1995) with Philip Zelikow; *The Gorbachev Era* (1986) with Alexander Dallin; and *Uncertain Allegiance: The Soviet Union and the Czechoslovak Army* (1984).

In 1991, Rice co-founded the Center for a New Generation (CNG), an innovative after-school academic enrichment program for students in East Palo Alto and East Menlo Park, California. In 1996, CNG merged with the Boys and Girls Club of the Peninsula (an affiliate club of the Boys and Girls Clubs of America). CNG has since expanded to local BGCA chapters in Birmingham, Atlanta, and Dallas. She remains an active proponent of an extended learning day through after-school programs.

Since 2009, Rice has served as a founding partner at RiceHadleyGates LLC, an international strategic consulting firm based in Silicon Valley and Washington, D.C. The firm works with senior executives of major companies to implement strategic plans and expand in emerging markets. Other partners include former National Security Advisor Stephen J. Hadley and former Secretary of Defense Robert M. Gates.

Rice currently serves on the boards of Dropbox, an online-storage technology company; C3, an energy software company; and Makena Capital, a private endowment firm. In addition, she is vice chair of the board of governors of the Boys and Girls Clubs of America; a member of the board of the Foundation for Excellence in Education; and a trustee of the Aspen Institute. Previously, Rice served on various additional boards, including those of the George W. Bush Institute; the Commonwealth Club; KiOR Inc.; the Chevron Corporation; the Charles Schwab Corporation; the Transamerica Corporation; the Hewlett-Packard Company; the University of Notre Dame; the John F. Kennedy Center for the Performing Arts; and the San Francisco Symphony Board of Governors.

In 2013, Rice was appointed to the College Football Playoff Committee, formerly the Bowl Championship Series.

Born in Birmingham, Alabama, Rice earned her bachelor's degree in political science, cum laude and Phi Beta Kappa, from the University of Denver; her master's from the University of Notre Dame; and her Ph.D. from the Graduate School of International Studies at the University of Denver. She is a Fellow of the American Academy of Arts and Sciences and has been awarded 13 honorary doctorates. She currently resides in Stanford, California.

# G.P. “Bud” Peterson, Ph.D.

*President*

G.P. “Bud” Peterson has served as the 11th president of Georgia Tech since April 2009. Under his leadership, Georgia Tech has developed and begun implementation of a 25-year strategic plan, exceeded the \$1.5 billion goal for Campaign Georgia Tech by 20 percent, grown innovative collaborations and strategic partnerships, expanded the campus infrastructure, and increased national and global visibility. Notably in that time, applications have more than tripled, and enrollment has increased by 45 percent.

Peterson came to Georgia Tech from the University of Colorado at Boulder, where he served as chancellor. Before that, he served as provost at Rensselaer Polytechnic Institute in New York, and on the faculty and in leadership positions for 19 years at Texas A&M University. He has also worked for the National Aeronautics and Space Administration (NASA) and the National Science Foundation (NSF).

Throughout his career, Peterson has played an active role in helping establish the national education and research agendas, serving on many industry, government, and academic task forces and committees. He has served on a number of national accreditation agencies, with a focus on improving and assessing higher education outcomes. He has also served on congressional task forces, research councils, and advisory boards, including the Office of Naval Research, NASA, the Department of Energy, the National Research Council, and the National Academy of Engineering.

A distinguished scientist, he was appointed in 2008 by President George W. Bush and again in 2014 by President Barack Obama, to the National Science Board, which oversees the NSF and advises the president and Congress on national policy related to science and engineering research and education. In 2010, he was named by U.S. Secretary of Commerce Gary Locke as a member of the National Advisory Council on Innovation and Entrepreneurship. President Obama appointed him to the Advanced Manufacturing Partnership (AMP) steering committee in 2011 and to the AMP 2.0 steering committee in 2013. He currently serves on the American Council on Education (ACE) board of directors. He is chair of the NCAA Board of Governors, the organization’s highest governing body. In February 2018, he was named to the National Space Council’s User Advisory Group.

Peterson is a Fellow of the American Society of Mechanical Engineers (ASME) and the American Institute of Aeronautics and Astronautics (AIAA), and received the AIAA Distinguished Service Award in 2011. His research has focused on phase-change heat transfer in both the cooling of electronic devices and spacecraft thermal control. He is the author or co-author of 17 books or book chapters, 240 refereed journal articles, and 146 conference publications. He holds 16 patents, with three others pending.

Peterson earned a bachelor’s degree in mechanical engineering, a second bachelor’s degree in mathematics, and a master’s degree in engineering, all from Kansas State University. He earned a Ph.D. in mechanical engineering from Texas A&M. He and his wife, Valerie H. Peterson, have four adult children – two of whom are Georgia Tech alumni – and one grandchild.

# Rafael L. Bras, Sc.D.

*Provost and Executive Vice President for Academic Affairs*

A professor in the School of Civil and Environmental Engineering and the School of Earth and Atmospheric Sciences, Rafael L. Bras is the first Georgia Tech faculty member to hold the K. Harrison Brown Family Chair. As provost and executive vice president for academic affairs, Bras oversees all of Georgia Tech's academic and related units, including the colleges, the library, international relationships, professional education, the arts, and enrollment.

His current initiatives include overseeing the Commission on Creating the Next in Education, an ongoing effort of Georgia Tech's educational innovation ecosystem dedicated to the adoption of new and innovative educational methodologies, including the growth of lifelong learning opportunities for traditional and nontraditional learners. He is also responsible for overseeing the ongoing Library Next project, an educational collaboration with the City of Shenzhen and Tianjin University in China, and Serve-Learn-Sustain, the Institute's Quality Enhancement Plan. Through the Arts@Tech initiative, Bras seeks to integrate the creative and innovative thinking of artistic endeavors into the mindset and education of all our students.

A native of Puerto Rico, Bras completed undergraduate and graduate education at the Massachusetts Institute of Technology (MIT), culminating with a Doctor of Science degree in Water Resources and Hydrology. Prior to becoming provost at Georgia Tech in 2010, Bras was distinguished professor and dean of the Henry Samueli School of Engineering at the University of California, Irvine. For 32 years prior to joining the University of California, he was a professor in the departments of Civil and Environmental Engineering and Earth, Atmospheric, and Planetary Sciences at MIT. He is past chair of the MIT faculty, former head of the Civil and Environmental Engineering department, and director of the Ralph M. Parsons Laboratory.

He has served as advisor to many organizations, including the National Science Foundation, National Research Council, and NASA. He is a former member of the U.S. Secretary of Energy Advisory Board.

Bras is past president of the hydrology section of American Geophysical Union (AGU) and is a former member of its board of directors. He also is a member of the board of trustees for the University Corporation for Atmospheric Research, and is an emeritus trustee of the Foundation for Puerto Rico. He was also a member of Coursera's Educational Advisory Board.

He is an elected member of the U.S. National Academy of Engineering, the Academy of Arts and Sciences of Puerto Rico, and is a corresponding member of the Mexican National Academy of Engineering and the Mexican National Academy of Sciences. He also is an elected Fellow of several professional organizations, including the American Geophysical Union, the American Society of Civil Engineers (of which he is a distinguished member), the American Meteorological Society, and the American Association for the Advancement of Science. The Museum of Science Industry named Bras the 2014 National Hispanic Scientist of the Year.

Bras maintains an active international consulting practice. Until recently, he chaired a panel of experts that supervised the design and construction of a multibillion-dollar project to protect the City of Venice from floods. He also has published two textbooks, more than 225 refereed journal publications, and several hundred other publications and presentations. Bras and his wife, Pat, have two adult sons.

# Commencement Traditions

## THE MACE

In academic ceremonies, the mace is an ornamental staff carried as a symbol of authority. The office of the mace bearer, though purely ornamental, dates back to medieval England when special occasions required the use of a bodyguard. In colonial America, the mace became a symbol of office when it was used in conjunction with academic regalia.

The Georgia Tech mace carried in today's ceremony was designed by Cabell Heyward, a former research scientist in the College of Design, and was first used in April 1988 at the presidential installation of John P. Crecine. The mace was fabricated by Heyward and Arthur Schoenfeld, who are both formerly with the Center for Assistive Technology and Environmental Access in the College of Design, in conjunction with Atlanta jeweler Robert Nagle. The mace was made possible by a gift from the Georgia Tech Student Foundation and the Class of 1934.

The primary focus of the mace is its three brass rods, which demonstrate the principle of "tensegrity," a concept of structure combining tension and integrity developed by R. Buckminster Fuller in 1927. The integrity, or wholeness, of the mace is maintained by each of the rods being held in place by the tension of the steel wire; the rods do not touch one another at any point. The brass rods symbolize the three primary components of Georgia Tech's mission: education, research, and service.

## ACADEMIC REGALIA

The academic regalia worn by today's participants is a colorful relic dating back to the Middle Ages, when education was a function of religious organizations. The monks' habit and the cowl worn over their heads were predecessors of the modern black gowns and hoods. The mortarboard was developed from the skullcaps worn during medieval days by churchmen officiating at religious services.

In 1894, American universities standardized gown styles for the three different types of degrees. Doctoral candidates at Georgia Tech wear customized gold regalia with full rounded sleeves, velvet facings on the front, and velvet bars on the sleeves. Hoods are lined in Georgia Tech's colors of white and gold. The doctoral hood is distinguished by its blue trim, which is the color representing philosophy. Doctoral candidates also wear a six-pointed tam in the same blue trim.

Master's degree candidates wear the traditional black gown with full-length square sleeves that have a crescent-shaped piece hanging from each sleeve. The gowns are also adorned with the Georgia Tech seal. The master's hoods are lined in white and gold and are distinguished on the outside by the color of their degree program. Recipients of the bachelor's degree wear a similar black gown, but with no hood and no additional material at the bottom of the sleeves.

Caps used by master's and bachelor's graduates are traditional mortarboards, and tassels are white and gold.

# Academic Degrees, Designations, and Programs

## ACADEMIC DEGREES

### The Bachelor's Degree

The bachelor's degree is the oldest academic degree used by American colleges and universities. The degree, which represents completion of a four-year course of study, was first awarded in 1642 to the graduating class of Harvard College.

### The Master's Degree

The master's degree represents the completion of one or two years of study beyond the bachelor's degree. The degree dates back to the oldest universities in Europe, and it usually requires a thesis and an oral examination.

### The Doctoral Degree

The doctoral degree is the most advanced academic degree conferred by American institutions of learning. "Doctor," which means teacher or instructor, was used as a title in the 12th century to denote men of great learning.

## HONORS QUALIFICATIONS AND CORDS

Honor designations are for undergraduates at Georgia Tech who have met the minimum residency hours requirement of 60 hours, as well as the minimum GPA.

- » To achieve honor, the minimum GPA is 3.15.
- » To achieve high honor, the minimum GPA is 3.35.
- » To achieve highest honor, the minimum GPA is 3.55.

Changes in honor status may also occur after final printing. Georgia Tech issues honor cords to recognize students' academic achievements. White cords denote honor, gold cords denote high honor, and a braided white and gold cord denotes highest honor.

## INTERNATIONAL PLAN

The International Plan is a challenging four-year program that works in tandem with an undergraduate's academic curriculum to produce globally competent citizens. The International Plan utilizes existing study, work, and research abroad opportunities available through the Office of International Education and the Center for Career Discovery and Development.

## COOPERATIVE PLAN

The Undergraduate Cooperative Education Program is an academic option designed to complement a student's formal education with paid, practical work experience directly related to the student's academic major. It is available in all engineering majors, as well as many majors in other colleges at Georgia Tech.

## Ceremony and Traditions

### THE RAMBLIN' WRECK

The Ramblin' Wreck is the 1930 Ford Model A Sport coupe that serves as the official mascot. The Wreck is present at all major sporting events and student body functions. Its most noticeable role is leading the football team into Bobby Dodd Stadium at Historic Grant Field, a duty that the Wreck has performed since 1961.

### THE WHISTLE

Tech's iconic steam whistle blasts its signal when Tech wins a home football game and for milestone events.

### BUZZ

Legendary Tech icon Buzz made his first campus appearance at a student pep rally in 1980. Over the past three decades, Buzz has gone on to become one of the most beloved — and globally recognized — university mascots.

### IN MEMORIAM

We recognize the passing of members of the Georgia Tech community with the floral arrangement at the front of the stage.

### GUEST DECORUM

You are requested to refrain from loud expressions of excitement for individual graduates. Such expressions detract from the recognition due the next graduate in line. Your cooperation is appreciated.

## **CITY AND REGIONAL PLANNING**

Jessica Lynn Harbour Doyle  
Advisor: Dr. Catherine L. Ross

Peter James Hylton +  
Advisor: Dr. Catherine L. Ross

Yongsung Lee  
Advisor: Dr. Subhrajit  
Guhathakurta

Fangru Wang +  
Advisor: Dr. Catherine L. Ross

## **ARCHITECTURE**

Andres Felipe Cavieres +  
Advisor: Dr. Charles Eastman

Ljilja Kascak +  
Advisor: Dr. Jon A. Sanford

Lisa Lim +  
Advisor: Dr. Craig M. Zimring

Pedro Alejandro Soza Ruiz +  
Advisors: Dr. Sonit Bafna and  
Dr. Charles Eastman

## **MANAGEMENT**

Priyank Arora +  
Advisors: Dr. Ravi Subramanian  
and Dr. Vinod R. Singhal

Myoung-Jin Chae +  
Advisor: Dr. Omar Vila Rodriguez

Youngmin Choi +  
Advisor: Dr. Suzanne Lee

Jaeseok Lee +  
Advisors: Dr. Karthik  
Ramachandran and  
Dr. Cheryl Gaimon

Karthik Babu Nattamai Kannan +  
Advisors: Dr. Sridhar Narasimhan  
and Dr. Yu Hu

Laurens Bujold Steed +  
Advisor: Dr. Brian W. Swider

Minho Wang +  
Advisor: Dr. Suzanne S. Lee

Di Yang +  
Advisor: Dr. Xi Kuang

Teng Tim Zhang +  
Advisor: Dr. Cheol S. Eun

## **EARTH AND ATMOSPHERIC SCIENCES**

Xin Cao  
Advisor: Dr. Carol S. Paty

Eryn Melissa Eitel  
Advisor: Dr. Martial Taillefert

Ziming Ke +  
Advisor: Dr. Yuhang Wang

Longlei Li  
Advisor: Dr. Irina N. Sokolik

Giovanni Liguori  
Advisor: Dr. Emanuele Di Lorenzo

Lucas Rampino Liuzzo  
Advisor: Dr. Sven Simon

George Douglas McDonald +  
Advisor: Dr. James J. Wray

Dongdong Yao +  
Advisor: Dr. Zhigang Peng

## **BIOLOGY**

Sathya Balachander  
Advisor: Dr. Francesca Storici

Deanna Suzanne Beatty  
Advisor: Dr. Mark E. Hay

Shilpa Choudhury +  
Advisor: Dr. Matthew P. Torres

Josh Parris  
Advisor: Dr. Frank J. Stewart

Chinar Kashinath Patil  
Advisor: Dr. J. Todd Strelman

Angela Viviana Pena Gonzalez  
Advisor: Dr. Konstantinos T.  
Konstantinidis

Yusuf Mohammed Uddin  
Advisor: Dr. Ingeborg  
Schmidt-Krey

## **MATHEMATICS**

Tongzhou Chen +  
Advisor: Dr. Martin B. Short

John William Dever +  
Advisors: Dr. Jean V. Bellissard  
and Dr. Evans M. Harrell II

Qingqing Liu  
Advisor: Dr. Christian Houdre

Shane Louis Scott  
Advisor: Dr. Dan Margalit

Xin Wang +  
Advisor: Dr. Yingjie Liu

Chen Xu +  
Advisors: Dr. Christian Houdre  
and Dr. Robert D. Foley

## **PSYCHOLOGY**

Cale Michael Darling +  
Advisor: Dr. Francis T. Durso

Shivangi Jain +  
Advisor: Dr. Paul M.B. Verhaeghen

Ashley Marie  
Lawrence-Huizenga  
Advisor: Dr. Rick P. Thomas

Jessie D. Martin +  
Advisor: Dr. Randall W. Engle

David Martinez  
Advisor: Dr. Jenny L. Singleton

Kelsey Lanier Merlo +  
Advisor: Dr. Howard M. Weiss

Didem Pehlivanoglu  
Advisor: Dr. Paul M.B. Verhaeghen

Jonathan Barnett Strunk  
Advisor: Dr. Audrey L. Duarte

## **PHYSICS**

Benedikt Bruno Brandt +  
Advisor: Dr. Uzi Landman

Douglas William Bo  
Broadwater Jr. +  
Advisor: Dr. Harold D. Kim

Scott Samuel Douglas +  
Advisor: Dr. Michael F. Schatz

Raj Gohil +  
Advisor: Dr. David R. Ballantyne

Bharath Hebbe Madhusudhana  
Advisor: Dr. Michael S. Chapman

Shane Joseph Jacobeen  
Advisor: Dr. Peter J. Yunker

Yanyan Ji  
Advisor: Dr. Flavio H. Fenton

Jean-Philippe Turmaud +  
Advisor: Dr. Walter A. De Heer

Gable Marsh Wadsworth  
Advisor: Dr. Harold D. Kim

Wenbin Wie +  
Advisor: Dr. Jennifer E. Curtis

Shangguo Zhu  
Advisor: Dr. Shina Tan

## **CHEMISTRY**

Taylor Gray Allen  
Advisors: Dr. Joseph W. Perry and  
Dr. Seth R. Marder

Brandon Wallace Bakr +  
Advisor: Dr. C. David Sherrill

Jennifer Marie Beveridge  
Advisor: Dr. M.G. Finn

DOCTORAL DEGREE CANDIDATES

Udita Brahmachari  
*Advisor: Dr. Bridgette A. Barry*

# Colleges and Primary Units of Georgia Tech

## COLLEGE OF COMPUTING

**Zvi Galil, Ph.D.**  
Dean, College of Computing

The College of Computing has been expanding the boundaries of computing and its applications since 1990. Consisting of three schools – Computer Science, Interactive Computing, and Computational Science and Engineering – the College pushes the boundaries of knowledge to embrace the full breadth of modern computing. The College also is a global leader in transforming computing education, first through its much-copied Threads curriculum for undergraduates, and more recently with its online Master of Science in Computer Science, the world’s first graduate degree program delivered via the “massive online” platform.

The College is home to multiple interdisciplinary research centers, including the GVU Center, the Center for Experimental Research in Computer Systems, the Algorithms and Randomness Center, the Center for Novel Research into Computing Hierarchies, the Center for Machine Learning, and the Constellations Center for Equity in Computing. It also plays a leadership role in several of Georgia Tech’s interdisciplinary research units devoted to such areas as cybersecurity, data science, and people and technology. More than 9,000 students are enrolled in the College, including some 2,500 undergraduates and more than 7,000 residential and online graduate students.

## IVAN ALLEN COLLEGE OF LIBERAL ARTS

**Jacqueline J. Royster, Ph.D.**  
Dean, Ivan Allen College of Liberal Arts

Ivan Allen College of Liberal Arts alumni are sought after for analysis and innovation in complex problem solving, linking science and technology to social concerns. Graduates from the College’s B.S., M.S., and Ph.D. degree programs assume leadership roles in law, industry, government, education, and the nonprofit world.

Named for former Atlanta Mayor Ivan Allen Jr., the College is internationally recognized for curricula and research in the fields of digital media and interactive game design. Its boundary-breaking research and teaching range across cybersecurity, history and sociology of technology, sports and technology, cybersecurity policy and internet governance, international economics, international security, environmental policy, and science and technology policy. It offers international language and culture programs including its signature Languages for Business and Technology Program. The College is also the home of Georgia Tech’s Army, Navy, and Air Force ROTC units.

## COLLEGE OF DESIGN

**Steven P. French, Ph.D.**  
Dean, College of Design

Unlike traditional art and design schools, the Georgia Tech College of Design uses the design process to develop new technologies, buildings, environments, and human experiences. Students, faculty, and researchers in the Schools of Architecture, Building Construction, City and Regional Planning, Industrial Design, and Music strive to understand how technology enables better design, and how to fuse that technology into places, products, lifestyles, learning, and health care.

The College’s research initiatives encompass today’s most pressing human and built environment issues, from accessibility, sustainability, and smart cities to groundbreaking efforts in spatial analysis and music technology.

Approximately 800 graduate and undergraduate students are enrolled in the College of Design, and roughly 1,200 students – representing all majors at Georgia Tech – enroll in music courses each semester.

## ERNEST SCHELLER JR. COLLEGE OF BUSINESS

**Maryam Alavi, Ph.D.**  
Dean, Ernest Scheller Jr. College of Business

The Scheller College of Business at Georgia Tech is strategically positioned at the intersection of business and technology, in the heart of Tech Square. Scheller College is committed to developing principled business leaders who are tech savvy and entrepreneurially minded and will solve the business and societal challenges of today and tomorrow. This provides students unparalleled access to learn in one of the nation's premier high-tech business centers.

The College offers globally recognized, highly ranked business programs including full-time, evening, and executive MBA degrees; undergraduate and Ph.D. degrees; and executive education programs. Interdisciplinary centers and programs encourage collaboration in research, teaching, and experiential learning within Georgia Tech in some of today's most sought-after arenas including business analytics, entrepreneurship, digital innovation, supply chain, and sustainability. In partnership with several Georgia Tech colleges, Scheller College offers joint master's degrees in Quantitative and Computational Finance and Business Analytics. With world-class faculty and staff, the College plays an important role in closing the gap between available skills and marketplace needs.

## COLLEGE OF SCIENCES

**David M. Collard, Ph.D.**  
Interim Dean, College of Sciences

The College of Sciences leads Georgia Tech's charge to create and discover fundamental new knowledge in the sciences and mathematics. Together, Sciences students and faculty boldly explore natural and artificial worlds, not only to reveal and underpin the technologies of tomorrow, but also to advance the quality of human life and elevate the human spirit.

The College nurtures students who are intellectually curious, inspiring them to build for themselves empowering foundations in the natural, mathematical, and behavioral sciences. They are transported to the frontiers of human understanding and invited to participate in pushing those frontiers forward by undertaking high-impact research in collaboration with world-class faculty in state-of-the-art facilities.

College of Sciences graduates are well honed in thinking critically, testing hypotheses, and engaging with others to unravel complex problems. They draw conclusions, reach decisions, and make judgments about nature through the enthralling interplay of data, reason, and imagination. They are indispensable in ensuring that the basic knowledge pipeline for new technologies is full and flowing.

From exploring the bizarre quantum logic of ultra-cold atoms or the breathtaking grandeur of the stars and the galaxies, to deciphering the billion-year history of Earth's oceans and atmosphere, the origins of life on Earth and elsewhere in the cosmos, or the workings of the human brain, Sciences students embody the value and rewards of scientific curiosity shaped by careful mentoring and deep respect for how much of the world we still must discover and understand.

## COLLEGE OF ENGINEERING

**Steven W. McLaughlin, Ph.D.**  
Dean, College of Engineering

From the opening of the Institute and the establishment of the School of Mechanical Engineering in 1888, the College of Engineering (CoE) has continually grown. Today, the College incorporates eight engineering schools with a full-time enrollment of more than 13,000 undergraduate and graduate students. The College consistently ranks among the elite engineering schools in the country. All undergraduate engineering programs are ranked in the top six nationally. CoE is the largest college of engineering in the country and is No. 1 in the production of women and minority engineers. The College prepares its students not just for jobs in engineering but also for the responsibilities of leadership. The focus on innovation and entrepreneurship gives students an edge, allowing them to create inventions, start businesses, and design solutions to global problems — all before graduation. Alumni go on to careers across all walks of engineering, as well as in professions such as law, medicine, business, and public policy.

Prominent alumni include: G. Wayne Clough (1965), former secretary, The Smithsonian Institution, and former Georgia Tech president; Ronald Wayne Allen (1964), former chairman and CEO, Delta Air Lines; Michael T. Duke (1971), former president and CEO, Wal-Mart Stores Inc.; Philip M. Breedlove (1977), former Supreme Allied Commander of NATO; Walter G. Ehmer (1989), president and CEO, Waffle House; Eric Boe (1997), Shane Kimbrough (1998), Sandra Magnus (1996), and John W. Young (1952), NASA astronauts; Lewis Jordan (1967), ValuJet co-founder and former CEO; H. Milton Stewart (1961), former chairman and CEO, the Standard Group Inc.; and George W. Woodruff (1917), philanthropist. CoE has almost 100,000 alumni living in 120 countries around the globe.

## GEORGIA TECH PROFESSIONAL EDUCATION

**Nelson C. Baker, Ph.D.**  
Dean, Georgia Tech Professional Education

Georgia Tech Professional Education (GTPE) is an academic division of the Institute. Providing continuing education for more than a century and learning at a distance for 40 years, GTPE enables working professionals and industry partners to access the expertise of a world-renowned research university. GTPE offers professional development courses, certificate programs, and master's degrees to career-focused adults in STEM and business fields worldwide. These programs are designed to position professionals to deliver immediate workplace impact using knowledge and skills learned from Georgia Tech's faculty experts and each other.

Learners can also take Georgia Tech's Massive Open Online Courses (MOOCs), which are produced by GTPE. Programs are delivered in a variety of formats including face-to-face, online, and hybrid to suit the diverse needs of working professionals. GTPE also administers K-12 outreach and English as a Second Language (ESL) programs, and manages learning-centered meeting and conference facilities in Atlanta and Savannah.

## GEORGIA TECH LIBRARY

**Catherine Murray-Rust, M.L.I.S.**  
Dean of Libraries and Vice Provost  
for Academic Effectiveness

The Georgia Tech Library is recognized internationally for robust digital services, student-engagement initiatives, transformation of physical spaces, and innovative programming and services. Millions of books, journals, technical reports, government documents, maps, videos, popular reading, science fiction, and other items are available via the Library. The Library's website features access to hundreds of databases and thousands of books, e-books, scholarly journals and e-journals, reports, electronic dissertations, discipline and course-specific research guides, and much more.

With more than 500,000 visits to the website, more than 3 million searches and full-text content accessed, and 1.39 million on-site visits annually, the Library's services and resources are heavily utilized by the Georgia Tech community.

For students, the Library is a 24/7 gathering place — cultivating intellectual inquiry, promoting academic discourse, and fostering knowledge. For faculty, the Library supports world-class advancements in teaching and research.

The Library also manages the G. Wayne Clough Undergraduate Learning Commons, a building dedicated to student academic enrichment and innovative learning opportunities. The Clough Commons is a popular 24/7 destination for students, with more than 2.76 million visits annually.

## OFFICE OF THE EXECUTIVE VICE PRESIDENT FOR RESEARCH

**Chaouki T. Abdallah, Ph.D.**  
Executive Vice President for Research

The Office of the Executive Vice President for Research provides leadership and strategic direction to Georgia Tech's \$824 million research enterprise. The goals are to create transformative research opportunities, to strengthen collaborative partnerships, and to maximize Tech's economic and societal impact across the research enterprise and around the world. Direct reporting units include 11 Interdisciplinary Research Institutes, the Georgia Tech Research Institute (Tech's applied research arm), the Enterprise Innovation Institute (the nation's largest university-based economic-development, technology-transfer, and industry-assistance organization), the Georgia Tech Research Corporation (an affiliated organization that oversees contracting and licensing), and the Office of Industry Collaboration (created in 2013 to coordinate large company partnerships).

## ADMINISTRATION AND FINANCE

**James G. Fortner**  
Interim Executive Vice President for  
Administration and Finance

The Division of Administration and Finance leads, supports, and enables institutional effectiveness by providing strategic and responsive administrative, financial, information, and physical infrastructure services for Georgia Tech. The approximately 1,700 employees of Administration and Finance provide administrative and physical infrastructure services to support Georgia Tech's students, faculty, and staff – the platform for the Institute's continuing success in achieving its mission of education, research, and service. Administration and Finance has responsibility for Georgia Tech's fiscal integrity, and accountability for budget, revenues, expenditures, and money management to the president, Board of Regents of the University System of Georgia, state and federal government, other public and private sponsors, Institute constituents, and the public.

## GEORGIA TECH ATHLETIC ASSOCIATION

**Todd Stansbury**  
Athletic Director

With more than 400 student-athletes across 17 varsity sports, Georgia Tech competes at the highest level of intercollegiate athletics as a member of NCAA Division I and the Atlantic Coast Conference, while also developing young people who will change the world. Georgia Tech has long been a leader in innovation in college athletics with the NCAA CHAMPS/Life Skills Program (known as the Total Person Program at Georgia Tech), commitments to athletics scholarships until a student-athlete graduates, and the use of virtual reality in recruiting, among the many concepts that originated on The Flats. The Yellow Jackets have won five national championships during their illustrious history (four in football – 1917, 1928, 1952, and 1990; and one in women's tennis – 2007), and appeared in two Final Fours in men's basketball (1990 and 2004) and three College World Series in baseball (1994, 2002, and 2006). Combining a world-class education with top-notch athletics, Georgia Tech has produced 83 Academic All-Americans.

# The President's Cabinet

**G.P. "Bud" Peterson**  
President

**Rafael L. Bras**  
Provost and Executive Vice  
President for Academic Affairs

**Chaouki T. Abdallah**  
Executive Vice President  
for Research

**James G. Fortner**  
Interim Executive Vice President for  
Administration and Finance

**Barrett H. Carson**  
Vice President for Development

**Lynn M. Durham**  
Associate Vice President  
and Chief of Staff

**Archie W. Ervin**  
Vice President for  
Institute Diversity

**Bonnie H. Ferri**  
Vice Provost for Graduate Education  
and Faculty Development

**Aisha Oliver-Staley**  
Interim Vice President for Ethics,  
Compliance, and Risk Management

**Colin Potts**  
Vice Provost for  
Undergraduate Education

**Dene H. Sheheane**  
Vice President for Government  
and Community Relations, Interim  
Vice President for Institute  
Communications

**John M. Stein**  
Vice President for Student Life  
and Dean of Students

**Lora G. Weiss**  
Interim Senior Vice President  
and Director of the Georgia Tech  
Research Institute

# Welcome to the Georgia Tech Alumni Association

**Bird D. Blich Sr.**  
IE 1997  
Chair, Georgia Tech Alumni Association

## CONGRATULATIONS!

As a Tech graduate, you are now part of the Georgia Tech Alumni Association, an exclusive organization of more than 160,000 alumni worldwide.

As a member of the Alumni Association, you have access to Tech's prestigious alumni network — a valuable asset as you embark upon your professional journey. You also have access to many other benefits and programs, including:

- » Professional development services, networking events, and more to help you reach your career goals.
- » Geographic network groups to connect you with fellow Yellow Jackets, no matter where in the world you end up.
- » Special events throughout the year, on campus and around the globe.
- » Volunteer leadership and community service opportunities.
- » Alumni travel to exciting destinations.
- » Subscription to the *Georgia Tech Alumni Magazine* and *Buzzwords*, a monthly email update about all things Tech.

Now is also the time to begin giving back through Roll Call, Georgia Tech's Fund for Excellence. Through Roll Call, the Georgia Tech Alumni Association has raised millions of dollars from alumni for Georgia Tech to fund student scholarships, state-of-the-art programs, world-class facilities, and much more. Georgia Tech continues to get better every year, thanks in large part to the generosity of our loyal alumni who have made Roll Call the Institute's "secret sauce" for success over the past 71 years.

Log on to [GTALUMNI.ORG](http://GTALUMNI.ORG) to begin receiving all of your free benefits from the Georgia Tech Alumni Association. Through this alumni portal, you can customize your preferences, register for events, network with fellow alumni, and much more.

## THE ALMA MATER

♪ *Oh, sons of Tech, arise, behold!  
The Banner as it reigns supreme,  
For from on high the White and Gold  
Waves in its triumphant gleam.  
The spirit of the cheering throng  
Resounds with joy revealing  
A brotherhood in praise and song,  
In memory of the days gone by.  
Oh Scion of the Southland!  
In our hearts you shall forever fly.  
We cherish thoughts so dear for thee,  
Oh, Alma Mater in our prayer.  
We plead for you in victory,  
And in the victory we share!  
But when the battle seems in vain  
Our spirits never falter,  
We're ever one in joy or pain  
And our union is a lasting bond.  
Oh! May we be united  
Till the victory of life is won.*

## THE RAMBLIN' WRECK

♪ *I'm a Ramblin' Wreck from Georgia Tech, and a hell of an engineer  
A helluva, helluva, helluva, helluva, hell of an engineer.  
Like all the jolly good fellows, I drink my whiskey clear.  
I'm a Ramblin' Wreck from Georgia Tech, and a hell of an engineer.*

*Oh! If I had a daughter, sir, I'd dress her in white and gold,  
And put her on the campus to cheer the brave and bold.  
But if I had a son, sir, I'll tell you what he'd do—  
He would yell "To Hell with Georgia" like his daddy used to do.*

*Oh! I wish I had a barrel of rum and sugar three thousand pounds,  
A college bell to put it in and a clapper to stir it 'round.  
I'd drink to all good fellows who come from far and near.  
I'm a Ramblin', Gamblin', hell of an engineer.*
